This 100-level course is designed to explore the complex and often contradictory relationship between media, culture and society. Like the professor and textbook authors, we will cultivate sociological perspectives to analyze and explain how various forms of media-from traditional to digital-can spread their influence across society.

Sociology | Library

Sociology today is one of the most popular subjects. Many sociological ideas, such as 'moral panic' and charisma, are now in everyday use. But the questions sociology asks have lost none of their challenge and excitement. Some of them are so important that we are still grappling with them in new ways.
