How an actor, either malign or benign, behaves. A tactic describes that behavior at a high-level, a technique at an intermediate level of detail, and a procedure presents a detailed, often step-by-step, description of a technique. Commonly abbreviated "TTP," the concept gained currency in the US Army during the 1980s and spread to other contexts from there.

Secondly, doctrine consists of tactics, techniques, and procedures (TTPs). TTPs incorporate the Army's evolving knowledge and experience. They support and implement fundamental principles, linking them with associated applications. The "how to" of tactics, techniques, and procedures includes descriptive and prescriptive methods and processes.
