What is manual system or what is automatic system : The main difference between manual and computerized systems is speed. Accounting software processes data and creates reports much faster than manual systems. Calculations are done automatically in software programs, minimizing errors and increasing efficiency. Once data is input, you can create reports literally by pressing a button in a ...

The automatic control system of the IoT automatic additional manure supplement device (Photograph 6.3.5) automatically controls the EC value (the density of the manure in the culture solution) and the pH value. The culture solution in its tank is provided to the cultivation tray inside the cells through the supply nozzles at each stage by the pump.

• A solutions manual is available to instructors . Adopted by hundreds of universities and translated into at least nine languages, Automatic Control Systems remains the single-best resource for students to gain a practical understanding of the subject and to prepare them for the challenges they will one day face. For practicing engineers, it represents a clear, thorough, and current self-study resource that they will turn to again and again throughout their career.
