The Counter Invader was a highly modified version of the Douglas A-26 Invader, a World War II attack bomber. Redesignated B-26 in 1948, the Invader served again during the Korean War (1950-1953), mainly as a night intruder against North Korean supply lines.

Douglas B-26K (A-26) Counter Invader > National Museum of ...

(Redirected from B-26K Counter-Invader) Not to be confused with Martin B-26 Marauder. The Douglas A-26 Invader (designated B-26 between 1948 and 1965) is an American twin-engined light bomber and ground attack aircraft. Built by Douglas Aircraft Company during World War II, the Invader also saw service during several major Cold War conflicts.

Douglas A-26 Invader - Wikipedia

This included a rebuilt fuselage and tail, strengthened wings, improved engines, reversible propellers and wing-tip fuel tanks among other refinements. The improved B-26K was henceforth known as...

Douglas B-26K Bomber Was the Vietnam War's "Counter Invader"

The B-26K/A-26B "Counter Invader" was based on a highly-modified airframe of the World War 2-era Douglas A-26 "Invader" twin-engined attack aircraft. By 1948, the A-26 had been redesignated as the "B-26" and the B-26K was developed for counter-insurgency work in Southeast Asia.
