Multiple Books From the Same Authors - Page 4

Citing Multiple Works by the Same Author from the Same Year. Referencing is complicated even at the best of times, but gets particularly silly when you need to cite multiple works by the same author that were all published in the same year. The issue is that many referencing systems use the author's surname and the year of publication in citations. But if the author and year are the same for multiple sources, your reader won't be able to tell sources apart!
