Boys Town's trademark manual, offering the step-by-step component behaviors to 183 skills. The skills range from basic to complex, and have been updated, removing several obsolete skills and adding skills to match challenges today's youth face. The manual still offers hallmark treatment examples, demonstrating how and when to teach the skills; but also incorporates references to and information from the latest research findings. The 3rd edition incorporates multi-tiered approaches to social and emotional learning, as well as how the skills relate to executive function.

‘ NO ’ is RJ ’ s least favorite word . . . and he tries his best to convince his dad, his mom, and his teacher to turn “ No ” into “ Maybe ” or “ We ’ ll see ” or “ Later ” or “ I ’ ll think about it. ” Author Julia Cook helps K-6 readers laugh and learn along with RJ as he understands the benefits of demonstrating the social skills of accepting “ No ” for an answer and disagreeing appropriately. Tips for parents and educators on how to teach and encourage kids to use these skills are included in the book. I Just Don ’ t Like the Sound of NO! is another in the BEST ME I Can Be! series of books from the Boys Town Press that teach children social skills.

RJ has another tough day at school and again at home but learns that sharing and teamwork are two beneficial skills. Includes audio book read by award-winning author Julia Cook.

This book targets 28 social skills including following instructions, staying on task, working with others, accepting criticism, listening, ignoring distractions, making a good choice, sharing, and showing respect. It includes lesson plans, reproducible skill pages, techniques and examples for 'blending' the teaching of social skills into academic lessons, ideas for using bulletin board displays to motivate and monitor behaviour, and strategies for increasing parental support.

Use this workbook to introduce important social skills to students from 3rd to 12th grade. Incorporate the suggested activities with your existing language arts, math, science, phys ed or social studies curricula. Teach children social skills to give them positive behavioural choices, choices that are healthier for them, for you and for your classroom. Lesson plans are written in an easy-to-follow format with talking points to help you define and explain a skill and guide students through an activity. Each lesson has Teacher Notes describing the relevance of each skill and a Proactive Teaching Interaction to use as a script. At the end of each lesson is a Think Sheet for students with questions about how to use a skill in different settings and situations. Role-play scenarios and classroom activities also are provided so students can practice each skill's behavioural steps. This behaviour management resource includes a CD-ROM with reproducible worksheets and skill posters you can hang in classrooms and common areas to remind students of each step to a skill. Basic social skills include being prepared for class, listening to others, following instructions, and completing homework. More complex social skills include expressing empathy, going to an assembly, accepting defeat or loss, using anger control strategies, choosing appropriate friends and resisting negative peer pressure.

It doesn't matter if RJ hears compliments or constructive feedback, he is never sure how to respond. With guidance from his family, RJ learns why feedback, even when it's difficult to accept, is information he can use to become a better person.

With his mother's help, RJ learns that his problems happen because he doesn't listen or pay attention to directions from her, his school principal, teachers, or even his friends. Author Julia Cook's book shows RJ as well as all K-6 readers the steps to the fundamental social skills of listening and following instructions. When RJ learns to use these skills the right way, he has the best day of his life! This book is the first in the BEST ME I Can Be! series to teach children social skills that can make home life happier and school more successful. The book includes tips for parents and educators on how to effectively teach listening and following instructions skills to kids.

Are you searching for creative ways to teach students the right time and way to ask for help? Would your students benefit from learning how to stay on task so they get their work done? Use the ideas in this guide to help your students master the social skills of "Staying on Task" and "Asking for Help." The book provides teacher instructions, lists of materials when needed, and activity sheets for use in class or as homework. Reproducible activity sheets and praise coupons (in full color!) are included on a CD-ROM.

RJ's mouth is getting him into a lot of trouble. A rude comment at school earned him a detention. An insensitive remark at home earned him a scolding and made his sister cry. RJ doesn't realize his words are wrong. He thinks he's just offering feedback. It's time RJ starts using a social filter when he speaks. With help from his parents, he learns he doesn't have to verbalize every thought that pops into his head. In fact, sometimes the less said the better!

This title provides emotional and behavior support to students while increasing time on task and decreasing office referrals. Improve your school environment so teachers and staff feel confident, respected and safe. This resource shows teachers and administrators how to manage behavior, build relationships and teach social skills, creating a positive school climate and a true learning community. The authors describe a school-based intervention strategy that emphasizes behavior management practices, relationship-building techniques, and social skills instruction.
