An enthralling literary tour-de-force that pays tribute to Detroit's legendary neighborhood, a mecca for jazz, sports, and politics, Black Bottom Saints is a powerful blend of fact and imagination reminiscent of E.L. Doctorow's classic novel Ragtime and Marlon James' Man Booker Award-winning masterpiece, A Brief History of Seven Killings. From the Great Depression through the post-World War II years, Joseph " Ziggy " Johnson, has been the pulse of Detroit ' s famous Black Bottom. A celebrated gossip columnist for the city ' s African-American newspaper, the Michigan Chronicle, he is also the emcee of one of the hottest night clubs, where he ' s rubbed elbows with the legendary black artists of the era, including Ethel Waters, Billy Eckstein, and Count Basie. Ziggy is also the founder and dean of the Ziggy Johnson School of Theater. But now the doyen of Black Bottom is ready to hang up his many dapper hats. As he lays dying in the black-owned-and-operated Kirkwood Hospital, Ziggy reflects on his life, the community that was the center of his world, and the remarkable people who helped shape it. Inspired by the Catholic Saints Day Books, Ziggy curates his own list of Black Bottom ' s venerable "52 Saints." Among them are a vulnerable Dinah Washington, a defiant Joe Louis, and a raucous Bricktop. Randall balances the stories of these larger-than-life "Saints" with local heroes who became household names, enthralling men and women whose unstoppable ambition, love of style, and faith in community made this black Midwestern neighborhood the rival of New York City ' s Harlem. Accompanying these " tributes " are thoughtfully paired cocktails—special drinks that capture the essence of each of Ziggy ' s saints—libations as strong and satisfying as Alice Randall ' s wholly original view of a place and time unlike any other.

This book explores the role of cities and the urban – rural linkages in spurring innovation embedded in spatial planning, strategic and economic planning, and decision support systems. In particular, the contributions examine the complexity of the current transitional phase towards achieving smart, inclusive and sustainable growth, and investigate the post-2020 UE cohesion policy.The main topics include: Innovation dynamics and smart cities; Urban regeneration – community-led and PPP; Inland and urban area development; Mobility, accessibility, infrastructures; Heritage, landscape and Identity; and Risk management, Environment and Energy.The book includes a selection of articles accepted for presentation and discussion at the 3rd International Symposium New Metropolitan Perspectives (ISTH2020), held at the University of Reggio Calabria, Italy on 22 –25 May 2018. The symposium, which addressed the challenge of local knowledge and innovation dynamics towards territory attractiveness, hosted the final event of the MAPS-LED project under Horizon2020 – MSCA RISE.

This eBook version of Grimm's Fairy Tales presents the full text of this literary classic.

Many macro and micro species, from terrestrial and aquatic environments, produce structurally unique compounds and, in many countries, still are the primary sources of medicines. In fact, secondary metabolites are an important source of chemotherapeutic agents but are also lead compounds for synthetic modification and the optimization of biological activity. Therefore, the exploitation of secondary metabolites, or their inspired synthetic compounds, offers excellent opportunities for the pharmaceutical industry. This Medicines Special Issue focuses on the great potential of secondary metabolites for therapeutic application. The Special Issue contains 16 articles reporting relevant experimental results, and an overview of bioactive secondary metabolites, their biological effects, and new methodologies that improve and accelerate the process of obtained lead compounds with regard to new drug development. We would like to thank all 83 authors, from all over the world, for their valuable contributions to this Special Issue.

A competency-based overview of appraisal procedures, providing a practical guide to responsible test use, this book offers suggestions on how to do appraisals. It features examples, case studies and guidelines demonstrating testing in different environments with different populations, based on ethical standards and contemporary theory.

This open access book is an outcome of the EU ' s Horizon 2020 project ' Financial and Institutional Reforms for an Entrepreneurial Society ' (FIRES). Building on historical, economic and legal analysis, and combining methods and data across disciplines, the authors provide policymakers, stakeholders and scholars with valuable new tools for assessing and improving Europe ' s entrepreneurial ecosystems. Then experts from Germany, Italy and the United Kingdom discuss tailored strategies for introducing entrepreneurial policy reforms in their respective countries.

Poe ' s preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe ' s most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

'The color is hideous enough, and unreliable enough, and infuriating enough, but the pattern is torturing.' Written with barely controlled fury after she was confined to her room for 'nerves' and forbidden to write, Gilman's pioneering feminist horror story scandalized nineteenth-century readers with its portrayal of a woman who loses her mind because she has literally nothing to do. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Charlotte Perkins Gilman (1860-1935). Gilman's work is available in Penguin Classics in The Yellow Wall-Paper, Herland and Selected Writings.
