Offers a faith-based approach to science, the universe, and the development of human life.

In The Case for a Creator—Student Edition, best-selling author and former atheist Lee Strobel and popular writer Jane Vogel take younger readers on a remarkable investigation into the origin of the universe, interviewing many of the world's most renowned scientists and following the evidence wherever it leads. Their findings—presented in the third blockbuster “Case” book student edition—offer the most compelling scientific proof ever for intelligent design. Perfect for youth groups and young people eager to rebut the Darwinian and naturalistic views taught so commonly in schools.

“My road to atheism was paved by science... but, ironically, so was my later journey to God.” Former atheist Lee Strobel has discovered that science, far from being the enemy of faith, now provides a solid foundation for belief in God. New scientific discoveries point to the incredible complexity of our universe, a complexity best explained by the existence of a Creator. This revised six-session study (DVD/digital video) invites participants to encounter this evidence delivered in a compelling conversational style. Join Strobel in reexamining the theories that once led him away from God. Pastors, small group leaders, and individuals seeking resources that answer tough questions about the existence of God will find compelling answers in the Case for a Creator study. Sessions include: Science and God Doubts about Darwinism The Evidence of Cosmology The Fine-tuning of the Universe The Evidence of Biochemistry The DNA and the Origin of Life Designed for use with the Case for a Creator Revised Video Study 9780310699606 (sold separately).

Explains in plain terms such issues for Christians as the existence of evil, miracles, the meaning of Jesus, the validity of other religions, and religious doubt, and suggests reasons why the Bible should be believed about these matters.

In his #1 best-seller The Case for Christ, legally trained investigative reporter Lee Strobel examined the claims of Christ, reaching the hard-won verdict that Jesus is God's unique son. But despite the compelling historical evidence that Strobel presented, many people grapple with serious concerns about faith in God. As in a court of law, they want to shout, "Objection!" They say, "If God is love, then what about all the suffering in our world?" Or, "If Jesus is the door to heaven, then what about the millions who have never heard of him?" Or, "If God cares for everyone, then why does he eternally torture some in hell?" In The Case for Faith, Strobel turns his tenacious investigative skills to the most persistent emotional objections to belief--the eight "heart" barriers to faith. The Case for Faith is for those who may be feeling attracted to Jesus but who are faced with formidable intellectual barriers standing squarely in their path. For Christians, it will deepen their convictions and give them fresh confidence in discussing Christianity with even their most skeptical friends.

There's little question that he actually lived. But miracles? Rising from the dead? Some of the stories you hear about him sound like just that -

stories. A reasonable person would never believe them, let alone the claim that he's the only way to God! But a reasonable person would also make sure that he or she understood the facts before jumping to conclusions. That's why Lee Strobel - an award-winning legal journalist with a knack for asking tough questions - decided to investigate Jesus for himself. An atheist, Strobel felt certain his findings would bring Christianity's claims about Jesus tumbling down like a house of cards. He was in for the surprise of his life. Join him as he retraces his journey from skepticism to faith. You'll consult expert testimony as you sift through the truths that history, science, psychiatry, literature, and religion reveal. Like Strobel, you'll be amazed at the evidence - how much there is, how strong it is, and what it says. The facts are in. What will your verdict be in *The Case for Christ*?

Did Jesus of Nazareth really rise from the dead? Of the many world religions, only one claims that its founder returned from the grave. The resurrection of Jesus Christ is the very cornerstone of Christianity. But a dead man coming back to life? In our sophisticated age, when myth has given way to science, who can take such a claim seriously? Some argue that Jesus never died on the cross. Conflicting accounts make the empty tomb seem suspect. And post-crucifixion sightings of Jesus have been explained in psychological terms. How credible is the evidence for—and against—the resurrection? Focusing his award-winning skills as a legal journalist on history's most compelling enigma, Lee Strobel retraces the startling findings that led him from atheism to belief. Drawing on expert testimony first shared in his blockbuster book *The Case for Christ*, Strobel examines: *The Medical Evidence—Was Jesus' death a sham and his resurrection a hoax?* *The Evidence of the Missing Body—Was Jesus' body really absent from his tomb?* *The Evidence of Appearances—Was Jesus seen alive after his death on the cross?* Written in a hard-hitting journalistic style, *The Case for Easter* probes the core issues of the resurrection. Jesus Christ, risen from the dead: superstitious myth or life-changing reality? The evidence is in. The verdict is up to you.

In *The Case for Grace*, bestselling author Lee Strobel crafts a compelling and highly personal case for God, focusing on God's transforming work in the lives of men and women today. In this book, you'll encounter racists, addicts, and even murderers who have found new hope and purpose. You'll meet once-bitter people who have received God's power to forgive those who have harmed them - and, equally amazing, people mired in guilt who have discovered that they can even forgive themselves. Writing with unusual candor, Lee draws upon his own journey from atheism to Christianity to explore the depth and breadth of God's redeeming love for spiritually wayward people. He travels thousands of miles to capture the inspiring stories of everyday people whose values have been radically changed and who have discovered the "how" and "why" behind God's amazing grace. Through it all, you will be encouraged as you see how God's grace can revolutionize your eternity and relationships . . . starting today.
