The Celtic currency of Britain were the various items and coins used as currency between approximately 200 BC and AD 60. The earliest currency consisted of various forms of iron bars. Coins were first imported in large numbers in around 150 BC and domestic minting began around 100BC. Coin production was largely ended by the Roman conquest of Britain, first by the Claudian invasion of AD 43 and later by the Defeat of Boudica in AD 60 or 61.

All the books here are absolutely free, which is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books,

Celtic Britain Country Series

What we do know is that the people we call Celts gradually infiltrated Britain over the course of the centuries between about 500 and 100 B.C. There was probably never an organized Celtic invasion; for one thing, the Celts were so fragmented and given to fighting among themselves that the idea of a concerted invasion would have been ludicrous.

Celtic Britain Country Series—steloud.com

The Britons also known as Celtic Britons or Ancient Britons, were indigenous Celtic people who inhabited Great Britain from at least the British Iron Age into the Middle Ages, at which point their culture and language diverged into the modern Welsh, Cornish and Bretons. They spoke the Common Brittonic language, the ancestor to the modern Brittonic languages. The traditional view that the Celtic Britons originally migrated from mainland Europe, predominantly across the English Channel—with ...

Who were the first Britons, and what sort of world did they occupy? In A History of Ancient Britain, much-loved historian Neil Oliver turns a spotlight on the very beginnings of the story of Britain; on the first people to occupy these islands and their battle for survival. There has been human habitation in Britain, regularly interrupted by Ice Ages, for the best part of a million years. The last retreat of the glaciers 12,000 years ago brought a new and warmer age and with it, one of the greatest tsunamis recorded on Earth which struck the north-east of Britain, devastating the population and flooding the low-lying plains of what is now the North Sea. The resulting island became, in time, home to a diverse range of cultures and peoples who have left behind them some of the most extraordinary and enigmatic monuments in the world. Through what is revealed by the artefacts of the past, Neil Oliver weaves the epic story - half a million years of human history up to the departure of the Roman Empire in the Fifth Century AD. It was a period which accounts for more than ninety-nine per cent of humankind's presence on these islands. It is the real story of Britain and of her people.

When ancient gods ruled and Druids kept Faith alive, the Celts thrived as a democratic, matriarchal society. Then savage Roman soldiers swept across Europe, killing and enslaving. The Celts did not succumb without a fight. Their Old Ways survived centuries of ruthless domain until another menace loomed: a tortured god worshiped in cold stone buildings. The sacred shores of Avalon began to drift away, the mists threatened to hide the island from mortal eyes forever. Against the bleak backdrop of war, the gorgeous Scottish Highlands stood tall, sheltering its inhabitants from greedy invaders. Yet the reach of the eagle banners was long and the highlanders turned to the Goddess for protection. However, the sacred groves felt silent and grim as Avalon faded away. Once sad, pealing bells began to sound strangely comforting while the high walls of monasteries offered an alluring barrier from violence. Caught in the middle of this centuries-old war, a young High Priestess might be Avalon's last chance. Wise beyond her years and powerful like no other Priestess in her lifetime, Rowen had served the Goddess faithfully, forsaking her family and the company of her soulmate. When the Lady of the Lake asks for another sacrifice, it might be one too many for her scarred heart.

How could she obey the Goddess without betraying Caddaric? Could she trust Eochaid, who embodied everything she despised and hated? Would she be able to fulfill her duties without losing her soul? Caddaric had been Rowen's companion in countless lives; but, now, they existed in different realms. Beautiful Rowen lived in the mortal world while sweet Caddaric remained in the sacred isle of Avalon, watching over her. Could he step aside to allow another man - a flesh and blood man - to become her protector? Eochaid had sworn to protect the Old Ways. The rude warrior never quite understood his faith yet his loyal heart belonged to the Goddess. A gorgeous, fiery High Priestess was not in his plans. He would risk his life to protect Rowen, but, would the Goddess safeguard his heart? Could he defend the bewitching maiden from himself? When stakes were so high that a simple mistake could cost their very world, a priestess, a Druid, and a warrior must learn to trust one another and the mysterious ways of the Goddess. Their success would save Avalon. Their failure would tear the island from the human realm forever, condemning it to oblivion. Failure was not an option. This is a standalone, historical/paranormal romance. Its mature themes - sexual violence, religion, and pagan rituals - might not be appropriate for audiences under 18.

Fascinating, painstakingly researched study of occult beliefs and practices in Celtic Britain, with intriguing discussions of the origins of the Druids, Arthurian cults, the mystery of the Holy Grail, Celtic spells and charms, black magic, the Celtic spirit world — with its populations of banshees, leprechauns, brownies and a host of lesser phantoms — and many other topics. A compelling, erudite study that will appeal to anthropologists, folklorists, and anyone interested in the customs and spiritual life of Britain's ancient Celts.

The most powerful representation yet of the race which has repeatedly changed history as we know it' - The Scotsman 'Brimming with interesting facts ... instructive and wide-ranging' - Cal McCrystal, Independent on Sunday 'The best picture of the Celtic race yet written' - South Wales Echo 'Lovingly traces the remnants of a once-powerful people through language, ancient place names, farms, fortresses, harbours and, most of all, through their connection to the sea' - Irish Times Alistair Moffat's journey, from the Scottish islands and Scotland, to the English coast, Wales, Cornwall and Ireland, ignores national boundaries to reveal the rich fabric of culture and history of Celtic Britain which still survives today. This is a vividly told, dramatic and enlightening account of the oral history, legends and battles of a people whose past stretches back many hundred of years. The Sea Kingdoms is a story of great tragedies, ancient myths and spectacular beauty.

Remaining on the virtually abandoned island of Britannia after centuries of Roman rule, two cousins pursue very different efforts to unite disparate tribes and factions throughout the land, including throne-seeking Dinas and reluctant leader Cadogan. By the Nobel Prize-nominated author of The Horse Goddess. 25,000 first printing.

Explore the 1,500-year history of Celtic resistance

Starting with Boadicea, one of the most powerful historical Celtic female figures, Ellis highlights basic questions such as whether women had equal status and equal rights of inheritance in Celtic society.

Since the turn of the 21st century, the television series has rivalled cinema as the paradigmatic filmic medium. Like few other genres, it lends itself to exploring society in its different layers. In the case of Great Britain and Ireland, it functions as a key medium in depicting the state of the nation. Focussing on questions of genre, narrative form, and serialisation, this volume examines the variety of ways in which popular recent British and Irish television series negotiate the concept of community as a key component of the state of the nation.

An 1882 account of the Celtic history, etymology and ethnology in Britain, from Julius Caesar to the eleventh-century Scottish kingdoms.
