The Future of E-Discovery and the Cloud - Special Counsel

A new market has emerged to provide e-discovery tools and e-discovery platforms as well as managed e-discovery cloud services for law firms and other e-discovery stakeholders. The global e-discovery market was valued at just under \$11 billion in 2018, and is expected to grow to \$17 billion over the next five years. Although today the prevailing e-discovery solution deployment model is still on-premises, e-discovery is migrating to the cloud.
