Desert Gardening Simplified Focus On Trees can serve as a visual anchor for your

Get Free Desert Gardening

desert garden. Of all desert flora, trees have the largest requirements for water, so you should plant your desert trees close to the wash.

Monitor your trees closely and look for signs that they are withering (for instance, dry leaves and loss of leaf cover).

Minimize Maintenance
Desert gardens, by their nature, require less intensive maintenance than many other garden types, but if you really want to limit the attention your garden requires, consider creating an oasis. A garden oasis is a defined and contained area within the surrounding paving.

Julia Lattimer (Author
of Desert Gardening
Simplified)

A desert style garden can be summed up in three words: dry, simple and architectural. They are usually defined by restrained design, high sunshine hours and limited rainfall. Desert gardens are a global thing so It does not

Get Free Desert Gardening

matter whether your desert influences originate in Middle Eastern rustic, Palm Springs chi-chi, or South of the Border chic. Revamping your outdoor spaces into a desert style oasis will be a guaranteed showstopper in any neighbourhood.
