He was a heel . . . a blue-blood gone bad, a low-brow with class, a bum with an income. He liked low-slung cars and top-heavy girls, and he took his pleasure where he found it. He was the consort of bookies, dope-peddlers, crooks; the buddy of has-beens, tough guys, and junkies. He dreamed the big dream, but played it small . . . free wheeling it down hill all the way, with a crack-up—and murder—at the bottom. Too many slow horses, too many fast women, and finally, one loaded cigarette; and after that . . . trouble: a woman who wouldn't stay, a dead man's face that wouldn't go away, and an alibi that wouldn't stick . . .

Diana Halstead is a thirty-five-year-old divorced insurance broker working in St. Louis, Missouri. Her story puts a new perspective on childhood innocence, family values, and that which is easily taken from a child, never to be returned. Diana holds one thing dear to her heart, her three-year-old son, James. She has been told all her life not to keep secrets—and all her life she has done nothing but keep secrets, some so private they are buried deep within her soul. Diana has been manipulated all her life either by her mother or by physically and mentally abusive men. Just as she seems to be figuring it all out, she is hospitalized with a puzzling illness. A mysterious visitor to her hospital bedside helps to open her eyes to the choices

she has made in the past, the choices she must make in the future, and the most important choice of all, the choice she will make today. This choice will either save Diana's life or take it. The choice is hers. This story is true.

Author Dan Rodgers was in college taking pre-med, had a possible professional baseball career in the offing, and was driving race cars hoping to get on the NASCAR circuit when he received his dreaded draft notice. Two days before he married his lovely wife, Sue, Dan was drafted into the Army. The author and a few friends were sent to Vietnam on the adventure of a lifetime. Dan was a squad leader and sergeant in the Vietnam War and was directly involved in the Tet Offensive in 1968. At one point during Tet, his company lost 126 men in less than two hours. Dan earned the Silver Star when he and a comrade rescued five soldiers trapped in an armored tank. He was wounded twice and received two Purple Hearts. At one point, Dan was asked to become a war correspondent and carry a mini camera. He kept notes on whatever paper he could find to write on, but writing the names of dead comrades was tough. Dan lives with the pain of losing his personal friends. His wife is a testament to his nightly torment, as he still suffers with nightmares and flashbacks of the war. Writing this book started as an exercise to relieve stress. Dan would present

his writings to doctors, who in turn suggested that he form a chronological order of events. The book *Call Me Sergeant Rock* was born. Today, Dan Rodgers lives near Houston and is a writer as well as a race car and jet boat driver. His passions are writing and speed. Publisher's website: <http://sbpra.com/DanRodgers>

This early work by William Wymark Jacobs was originally published in 1902 and we are now republishing it with a brand new introductory biography. Jacobs worked as a clerk in the civil service before turning to writing in his late twenties, publishing his first short story in 1895. Most of Jacobs' work appeared before the onset of World War I, and although the majority of his output was humorous in tone, he is best-remembered now for his macabre tales, particularly those contained in his 1902 collection *The Lady of the Barge*, such as 'The Monkey's Paw' and 'The Toll House'.

Be encouraged by a child's tender description of heaven, surrounded by peaceful illustrations. Written by a mother who experienced the loss of her child, every page is a poignant gift of hope and healing.

"Wolves are starting to drift from Yellowstone Park to Montana ranches and are preying on calves, and a group of activists is passionate
