Rev. ed. of: Effective public relations / Scott M. Cutlip, Allen H. Center, Glen M. Broom. 9th ed. 2006.

For courses in Introductory Public Relations. Cutlip & Center offers students the gold standard in public relations, providing the most up-to-date reference in the market. In the new edition, Glen Broom continues the work of Cutlip and Center by providing the most up-to-date reference for students.

Effective Public Relations presents a comprehensive summary of public relations concepts, theory, principles, history, management, and practices. This "bible" of the public relations field continues in its role as the single most authoritative and complete reference for public relations professionals. Still the most comprehensive and authoritative introductory book, continuing its long-standing tradition as the most-cited reference book. Often referred to as the "bible of public relations," the new edition covers the many aspects of public relations theory and practice in a variety of settings. This text also serves as the basic reference for accreditation programs worldwide. Updates examples, sources, and references to provide readers with contemporary cases, contexts, and perspectives that illustrate major concepts and issues essential to understanding the field. The new edition offers an up-to-date synthesis and interpretation of the scholarly and professional literature. Expands discussions of how the public relations field relates to marketing, integrated marketing communication (IMC), and related management functions, clarifying the unique and essential role of the public relations management function in organizations. An excellent, essential desk reference for those in the practice.

This practical, comprehensive work is widely regarded as the standard course text and practitioner reference on public relations research. Don W. Stacks explains the key role of research in all aspects of contemporary PR practice, from planning a program or campaign to making strategic changes and measuring outcomes. Step-by-step guidelines and tools are provided for using a wide range of qualitative and quantitative methods to accomplish essential research objectives. The book clearly explains technical aspects of data collection and analysis for readers new to measurement and statistics. Every chapter features review questions and a detailed practice problem. A test bank, suggested readings, case studies, and PowerPoint slides are available to instructors using the book in their courses; see the preface for details.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Updated in a 10th edition, Public Relations: Strategies and Tactics, Tenth Edition, clearly explains to students the basic concepts, strategies, and tactics of today's public relations practice. This comprehensive text is grounded in scholarship and includes references to landmark studies and time-honored public relations techniques. The tenth edition emphasizes the application of the Internet and social media for programs and campaigns.

Reflecting advances in theory, research, and application in the discipline since the publication of the Handbook of Public Relations in 2001, this new volume is global in scope and unmatched in its coverage of both academic research and professional best practice. It presents major theories in the words of the leading advocates for each theory: positions public relations as a positive force to help make society more fully functional; and challenges academics and practitioners to identify best practices that can inform the work of those in the profession.

International Public Relations: Negotiating Culture, Identity, and Power offers the first critical-cultural approach to international public relations theory and practice. Authors Patricia A. Curtin and T. Kenn Gaither introduce students to a cultural-economic model and accompanying practice matrix that explain public relations techniques and practices in a variety of regulatory, political, and cultural climates. offers the first critical-cultural approach to international public relations theory and practice. Authors Patricia A. Curtin and T. Kenn Gaither introduce students to a cultural-economic model and accompanying practice matrix that explain public relations techniques and practices in a variety of regulatory, political, and cultural climates.

This text provides a structured and practical framework for understanding the complexities of contemporary public relations. It is an instructional book that guides the reader through the challenges of communication and problem solving across a range of organizations and cross-cultural settings. Written in a straightforward, lively style, the book covers: foundational theories, and factors that shape the discipline communication across cultures trends affecting the public relations profession throughout the world. Incorporating case studies and commentary to illustrate key principles and stimulate discussion, this book also highlights the different approaches professionals must consider in different contexts, from communicating with employees to liaising with external bodies, such as government agencies or the media. Offering a truly global perspective on the subject, Global Public Relations is essential reading for any student or practitioner interested in public relations excellence in a global setting. A companion website provides additional material for lecturers and students alike: www.routledge.com/textbooks/9780415448154/
