Feminism and Gender Studies in International Relations Theory

Feminism is a broad term given to works of those scholars who have sought to bring gender concerns into the academic study of international politics and who have used feminist theory and sometimes queer theory to better understand global politics and international relations. In terms of international relations theory, a feminist approach is grouped in the broad category of theoretical approaches known as reflectivism, representing a divergence from approaches adhering to a rationalist outlook ba

Feminism (international relations) - Wikipedia

Enloe's ground-breaking 1989 book is rightly credited for starting an intellectual and political feminist trail exposing how deeply the international political system was indebted to the work of women and the working of masculinity and femininity. 3 This work was not 'simply' about women, it was about demonstrating that by focusing on women and gender, it could be much more clearly illustrated the extent to which power goes into the constitution of international politics than ...

Feminist Approaches to International Relations Theory in ...

Rather than affirm how feminist politics is carried out from various feminist positions and nonpositions, Feminist Theory and International Relations in a Postmodern Era ultimately reinscribes an arbitrary boundary between what is political and what is apolitical by (to use

Sylvester's term) evacuating postmodernism ontology, epistemology, and politics out of postmodern feminism.

Feminist Theory and International Relations in a Post ...

This book argues that the identities and activities commonly associated with women have been eliminated from the theories formulated about international relations. The author points out that these theories often rely on the hidden activities of women and their assigned tasks in life to establish a sphere of politics that is for men only. Using case studies of the Greenham Common Women's Peace ...

Ruiz Feminist Theory and International Relations Since the end of the Cold War and the increased interdependence resulting from the globalization process, the field of international relations has faced major challenges to its core theoretical structure. It no longer revolves solely around the realist issues of

Feminist Theory and International Relations: The Feminist ...

An informal document from the London School of Economics' preparations for an MSc option on Women and International Relations, for example, asserts that 'issues of the relationship between women and international relations have long remained marginal to the development of the I.R. discipline, both because of the silence of nearly all of the I.R. literature on gender issues, and because of the focus of most work relating to women on more particular and private perspectives'.

Feminism, International Theory, and International ...

Blanchard 2003 presents a comprehensive review of feminist security theory, which challenges the key concepts of traditional international relations (IR): security, peace and war. In discussing the major feminist IR authors and their works, he asserts that the contribution to the IR literature by feminist security theory is in its "theoretical moves," including how women and gender are relevant for understanding security, women are not often protected by the very state that is assumed to ...

Feminist Security Studies - International Relations ...

Apart from the two main theories of realism and liberalism, the feminist theory brings new perspectives to the international relations table. This paper will consider the feminist theory in international relations, and what can be learned from this perspective.

CiteSeerX — Feminist Theory and International Relations ...

Feminism is the discipline responsible for 'putting gender on the map', and is most concerned with questions of gender in international relations. It is for these reasons that I will take an in depth look at feminism and provide insights into its contributions to the study of international relations.

Questions of Gender and International Relations

Feminist approaches, which are at odds with exclusive focus of mainstream International Relations (IR) theory on men, state and war, have proliferated in the Post-Cold War era.¹ Feminism introduced gender as an appropriate category and theoretical tool for analyzing global power relations and construct alternative world orders.

Feminist Challenge to the Mainstream IR

For those with caring responsibilities, an infectious-disease outbreak is unlikely to give them time to write King Lear or develop a theory of optics. A pandemic magnifies all existing inequalities ...

The Coronavirus Is a Disaster for Feminism - The Atlantic

Denouncing standard epistemological assumptions and theoretical approaches as inherently 'masculinist', feminists, particularly those from the radical band of the spectrum, have advanced an alternative vision of international relations: one that redefines power as 'mutual enablement' rather than domination, and offers normative values of cooperation, care giving, and compromise in place of patriarchal norms of competition, exploitation, and self-aggrandizement.

Does 'gender' make the world go round? Feminist critiques ...

feminisms and feminist theorists can be contemplated. One of the most common is according to political/ideological orientation. According to this approach, which typically equates "feminism" with "feminist theory," "liberal feminists" such as Betty Friedan (see Significant Others, p. 317), focus on

7 Feminist and Gender theories - SAGE Publications Inc

Feminist theory is a fairly new approach to the IR discipline and the aim is to produce knowledge that helps inform practices to improve the lives of women. Feminists use the experience of women to make research that is beneficial to women.

International Relations And Feminist Theory - 1529 Words ...

By bringing in the important contributions of feminist moral and political theorists, contributions that are notably absent from most of the important work in this field, Robinson broadens the debate on normative theory in international relations.

This book evaluates the major debates around which the discipline of international relations has developed in the light of contemporary feminist theories.

This important introduction to feminist International Relations discusses the history, present and future of the field. With a unique format, it examines issues including global governance, the United Nations, war, peace, security, science, beauty and human rights.

Publisher Description

In Globalizing Care, Fiona Robinson integrates feminist theory and ethics with international relations. By bringing in the important contributions of feminist moral and political theorists, contributions that are notably absent from most of the important work in this field, Robinson broadens the debate on normative theory in international relation

Where To Download Feminist Theory And International Relations In A Postmodern Era Cambridge Studies In International Relations

Global history records an astonishing variety of forms of social organization. Yet almost universally, males subordinate females. How does the relationship between men and women shape the wider political order? *The First Political Order* is a groundbreaking demonstration that the persistent and systematic subordination of women underlies all other institutions, with wide-ranging implications for global security and development. Incorporating research findings spanning a variety of social science disciplines and comprehensive empirical data detailing the status of women around the globe, the book shows that female subordination functions almost as a curse upon nations. A society's choice to subjugate women has significant negative consequences: worse governance, worse conflict, worse stability, worse economic performance, worse food security, worse health, worse demographic problems, worse environmental protection, and worse social progress. Yet despite the pervasive power of social and political structures that subordinate women, history—and the data—reveal possibilities for progress. *The First Political Order* shows that when steps are taken to reduce the hold of inequitable laws, customs, and practices, outcomes for all improve. It offers a new paradigm for understanding insecurity, instability, autocracy, and violence, explaining what the international community can do now to promote more equitable relations between men and women and, thereby, security and peace. With comprehensive empirical evidence of the wide-ranging harm of subjugating women, it is an important book for security scholars, social scientists, policy makers, historians, and advocates for women worldwide.

Engendered insecurities : feminist perspectives on international relations - Man, the state, and war : gendered perspectives on National security - Three models of man : gendered perspectives on global economic security - Man over nature : gendered perspectives on ecological security - Toward a nongendered perspective on global security.

Fully revised and updated, this second edition of *Gender Matters in Global Politics* is a comprehensive textbook for advanced undergraduates studying feminism & international relations, gender and global politics and similar courses. It provides students with an accessible but in-depth account of the most significant theories, methodologies, debates and issues. This textbook is written by an international line-up of established and emerging scholars from a range of theoretical perspectives, and brings together cutting-edge feminist scholarship in a variety of issue areas. Key features and benefits of the book: Introduces students to the wide variety of feminist and gender theory and explains the relevance to contemporary global politics Explains the insights of feminist theory for a range of other disciplines including international relations, international political economy and security studies Addresses a large number of key contemporary issues such as human rights, trafficking, rape as a tool of war, peacekeeping and state-building, terrorism and environmental politics Features detailed pedagogical tools and resources – seminar exercises, text boxes, photographs, suggestions for further reading, web resources and a glossary of key terms New chapters on - Environmental politics and ecology; War; Terrorism and political violence; Land, food and water; International legal institutions; Peacebuilding institutions and post-conflict reconstruction; Citizenship; Art, aesthetics and emotionality; and New social media and global resistance. This text enables students to develop a sophisticated understanding of the work that gender does in policies and practices of global politics.

This book offers a contemporary intervention in the field of feminism/international relations. Partly inspired by Surrealism, the book is written in a series of vignettes and draws on a variety of approaches inviting readers in to inhabit the text. It is a politically engaged book, though one which does not direct readers in conventional ways, visiting global politics, the classroom, poetry, institutional violence, cartoons, feminist violence, films, violent white men, angry black

women, blood and 'English' puddings. Working imaginatively with epistemology and methodology, and embedding theory throughout the text, the book can be considered part of the current genre of scholarship which attends to complexity, uncertainty, disruption, affect and the creative possibilities of randomness. *Feminist International Relations: Exquisite Corpse* will be of interest to students and scholars of International Politics, Gender and Feminist Studies, International Studies, Political Theory, Globalization Studies and further afield.

Why is feminist research carried out in international relations (IR)? What are the methodologies and methods that have been developed in order to carry out this research? *Feminist Methodologies for International Relations* offers students and scholars of IR, feminism, and global politics practical insight into the innovative methodologies and methods that have been developed - or adapted from other disciplinary contexts - in order to do feminist research for IR. Both timely and timeless, this volume makes a diverse range of feminist methodological reflections wholly accessible. Each of the twelve contributors discusses aspects of the relationships between ontology, epistemology, methodology, and method, and how they inform and shape their research. This important and original contribution to the field will both guide and stimulate new thinking.

J. Ann Tickner is ranked among the most influential scholars of international relations. As one of the founders of the field of feminist international relations, she is also among the most pioneering. *'A Feminist Voyage through International Relations'* provides a compendium of Tickner's work as a feminist IR scholar, from the late 1980s through to present day.
