But to take it slightly further, Feversong was the end of Mac & Barrons story arc, not the end of me writing in the Fever World. I finally got M & B to the place I needed them to be according to my vision for the series. But I didn't want to slam a door on them because in my mind they're still living, changing, having adventures and evolving.

Feversong was AWESOME, well worth the wait and I LOVED it! While the story was bittersweet, and had a somber tone, it was full of action, and never a dull moment. True to KMM style, she threw in a few surprises, and I was left wanting more.
