This introductory textbook provides a thorough guide to the management of food and beverage outlets, from their day-to-day running through to the wider concerns of the hospitality industry. It explores the broad range of subject areas that encompass the food and beverage market and its main sectors - fast food and casual dining, hotels and quality restaurants and event, industrial and welfare catering. It also looks at some of the important trends affecting the food and beverage industry, covering consumers, the environment and ethical concerns as well as developments in technology. New to this edition: New chapter: Classifying food and drink service operations. New international case studies throughout covering the latest industry developments within a wide range of businesses. Enhanced coverage of financial aspects, including forecasting and menu pricing with respective examples of costings. New coverage of contemporary trends, including events management, use of technology, use of social media in marketing, customer management and environmental concerns, such as sourcing, sustainability and waste management. Updated companion website, including new case studies, PowerPoint slides, multiple choice questions, revision notes, true or false questions, short answer questions and new video and web links per chapter. It is illustrated in full colour and contains in-chapter activities as well as end-of-chapter summaries and revision questions to test the readers' knowledge as they progress. Written by a team of authors with many years of industry practice and teaching experience, this book is the ideal guide to the subject for hospitality students and industry practitioners alike.

This introductory textbook provides a thorough guide to the management of food and beverage outlets, from their day-to-day running through to the wider concerns of the hospitality industry. It explores the broad range of subject areas that encompass the food and beverage market and its five main sectors - fast food and popular catering, hotels and quality restaurants and functional, industrial, and welfare catering. New to this edition are case studies covering the latest industry developments, and coverage of contemporary environmental concerns, such as sourcing, sustainability and responsible farming. It is illustrated in full colour and contains end-of-chapter summaries and revision questions to test your knowledge as you progress. Written by authors with many years of industry practice and teaching experience, this book is the ideal guide to the subject for hospitality students and industry practitioners alike.

An updated guide to effective management in the catering trade. All aspects of catering are included with applications in all sections of the industry from large hotels and quality restaurants to popular, industrial and welfare catering.

This book is an introduction to the management of food and beverage operations within a luxury hotel environment. It provides detailed coverage of operational areas within the food and beverage department, based on multiple real industry examples, allowing the reader to grasp the intricacies of the day-to-day running of outlets. Food and Beverage Management in the Luxury Hotel Industry is a reference for any hospitality management student wishing to gain sufficient knowledge in the subject, to conduct a quantitative and qualitative analysis of the department, through revenue and cost management, and quality audits. It also looks at the various trends shaping the industry today, particularly focusing on sustainability issues and ethical concerns.

'Strategic Questions in Food and Beverage Management' examines both enduring and topical issues in the field. Written in a clear, accessible and distinctive style, this is a comprehensive text for all areas of Food and Beverage, Hospitality, Hotel and Catering Management. With contributions from widely respected and acclaimed thinkers in the field of hospitality, this text tackles 'hot' topics such as: \* Is McDonaldization inevitable? \* Do restaurant reviews have any impact? \* Can hotel restaurants ever be profitable? \* Celebrity chefs and cooks - do we need them? Challenging and provocative, Strategic Questions in Food and Beverage Management is an essential text for all final year and postgraduate students of hospitality.
