Over the last fifty years, tourism has become firmly established as a development option around the world. Commensurate with this, the study of tourism's developmental role has also expanded significantly. There now exists a broad understanding of the policies and processes, opportunities and challenges that apply to tourism's potential contributions to development. As the tourism environment now faces numerous challenges and transformations, it is timely to reflect on contemporary understandings of the relationship between tourism and development and to consider future directions. This thought-provoking volume challenges the orthodoxy of tourism and development, highlights past and current events and considers longer term repercussions and developments. It will be a relevant and enduring resource for academics and undergraduate and postgraduate students in tourism.
