Glenda Jackson Actores a gwleidydd Seisnig yw Glenda May Jackson, CBE (ganwyd 6 Mai 1936). Mae hi wedi ennill dwy Wobr Academi am yr Actores Orau. Roedd hi'n aelod seneddol Hampstead a Highgate rhwng 1992 a 2010.

Although stardom and celebrity have sometimes been seen as antithetical to traditional British notions of restraint and modesty, female stars have nonetheless always been an important attraction for audiences of British cinema, offering specifically British takes on ideas of glamour, acting prowess and femininity. This book will explore in detail the history of British female stardom from the 1940's to the present day through an examination of careers and star personae, from Anna Neagle, who enjoyed record-breaking popularity in the immediate post-war years, to key contemporary figures such as Keira Knightley and Helen Mirren. This is a major new study of stardom in British cinema and the first to focus on female stars.

A fascinating glimpse into the beginning and development of gay- and lesbian-themed films, from Maedchen in Uniform in 1931 to such current films as Philadelphia and Wilde, provides reviews and evaluations, and details the director's attitude toward public response and criticism. Original.

"A proudly partisan history of the British aristocracy - which scores some shrewd hits against the upper class themselves, and the nostalgia of the rest of us for their less endearing eccentricities. A great antidote to Downton Abbey." (Mary Beard) Exploring the extraordinary social and political dominance enjoyed by the British aristocracy over the centuries, Entitled seeks to explain how a tiny number of noble families rose to such a position in the first place. It reveals the often nefarious means they have employed to maintain their wealth, power and prestige and examines the greed, ambition, jealousy and rivalry which drove aristocratic families to guard their interests with such determination. In telling their history, Entitled introduces a cast of extraordinary characters: fierce warriors, rakish dandies, political diletantes, charming eccentrics, arrogant snobs and criminals who quite literally got away with murder.

"Over the last two hundred years parliament has witnessed and effected dramatic and often turbulent change. Political parties rose - and fell. The old aristocratic order passed away. The vote was won for the working classes and, eventually, for women. The world was torn apart by two extraordinarily bloody global wars. And individual politicians were cheered for their altruism or bravery and jeered for their sexual or financial misdemeanours."--Jacket.

The history of Parliament is the history of the United Kingdom itself. It has a cast of thousands. Some were ambitious, visionary and altruistic. Others were hot-headed, violent and self-serving. Few were unambiguously noble. Yet their rowdy confrontations, their campaigning zeal and their unstable alliances framed our nation. This first of two volumes takes us on a 500-year journey from Parliament's earliest days in the thirteenth century through the turbulent years of the Wars of the Roses and the upheavals of the Civil Wars, and up to 1801, when Parliament æ" and the United Kingdom, embracing Scotland and Ireland æ" emerged in a modern form. Chris Bryant tells this epic tale through the lives of the myriad MPs, lords and bishops who passed through Parliament. It is the vivid, colourful biography of a cast of characters whose passions and obsessions, strengths and weaknesses laid the foundations of modern democracy.

The history of Parliament is the history of the United Kingdom itself. It has a cast of thousands. Some were ambitious, visionary and altruistic. Others were hot-headed, violent and self-serving. Few were unambiguously noble. Yet their rowdy confrontations, their campaigning zeal and their unstable alliances framed our nation. This first of two volumes takes us on a 500-year journey from Parliament's earliest days in the thirteenth century through the turbulent years of the Wars of the Roses and the upheavals of the Civil Wars, and up to 1801, when Parliament - and the United Kingdom, embracing Scotland and Ireland - emerged in a modern form. Chris Bryant tells this epic tale through the lives of the myriad MPs, lords and bishops who passed through Parliament. It is the vivid, colourful biography of a cast of characters whose passions and obsessions, strengths and weaknesses laid the foundations of modern democracy.

Over the last two hundred years Parliament has witnessed and effected dramatic and often turbulent change. Political parties rose - and fell. The old aristocratic order passed away. The vote was won for the working classes and, eventually, for women. The world was torn apart by two extraordinarily bloody wars. And individual politicians were cheered for their altruism or their bravery and jeered for their sexual or financial misdemeanours. This second volume of Chris Bryant's majestic Parliament: The Biography has a cast of characters that includes some of British history's most famous names: the Duke of Wellington, Sir Robert Peel, Gladstone, Disraeli, Lloyd George, Churchill and Thatcher. Its recurring theme is reform and innovation, but it also lays bare obsessive respect for the past and a dedication to evolution rather than revolution, which has left us with a fudged constitution still perilously dependent on custom, convention and gentlemen's agreements. This is riveting, flawlessly researched and accessible popular history for anyone with an interest in why modern Britain is the nation it is today.
