'Half my life ago, I killed a girl.' So begins acclaimed novelist Darin Strauss' *Half a Life*, the true story of how one outing in his father's Oldsmobile resulted in the death of a classmate and the beginning of a different, darker life for the author. The police assured him there was nothing he could have done to avoid hitting Celine's swerving bike, but for half his life Strauss has grappled with desperate feelings of remorse and self-blame. Here he lays bare his history – collision, funeral, the queasy drama of a high-stakes court case – and what starts as a personal tale of a tragic event opens into the story of how to live with a very hard fact: we can try our human best in the crucial moment, and it might not be good enough. *Half a Life* is a nakedly honest, ultimately hopeful examination of guilt, responsibility, and living with the past. 'More than simply brave, it is a searingly self-disciplined work of literature, and of self-examination ... After all that admirable work and all that attentive detail, when he does finally reach a place of cautious hope, the impact is staggering and unforgettable.' — Elizabeth Gilbert, author of *Eat, Pray, Love* 'Precise, elegantly written, fresh, wise, and very sad. Rich and meaningful, the care and thought that have gone into every line of *Half a Life* are indicative not only of a very talented writer, but of a proper human being.' — Nick Hornby 'At the center of this elegant, painful, stunningly honest memoir thrums a question fundamental to what it means to be human: What do we do with what we've been given?' — New York Times Book Review 'A mesmerising memoir by a skilled writer.' — Herald Sun 'Crisp and understated... This meditation on loss and remorse must have been a nightmare to write but is subtle, moving, and quietly brilliant.' — The Age 'Half a Life inspires admiration, sentence by sentence... This artfully and simply presented book could be read in a few hours, but its intensity commands more attention. This is memoir in its finest form, a fully imagined and bittersweet book that transcends a single misstep.' — Chicago Tribune (Editor's Pick)

Lucille Ball, Hollywood's first true media mogul, stars in this “bold” (The Boston Globe), “boisterous novel” (The New Yorker) with a thrilling love story at its heart—from the award-winning, bestselling author of *Chang & Eng* and *Half a Life* A WASHINGTON POST BEST BOOK OF THE YEAR • “A gorgeous, Technicolor take on America in the middle of the twentieth century.” —Colson Whitehead, Pulitzer Prize-winning author of *The Nickel Boys* This indelible romance begins with a daring conceit—that the author's grandfather may have had an affair with Lucille Ball. Strauss offers a fresh view of a celebrity America loved more than any other. Lucille Ball—the most powerful woman in the history of Hollywood—was part of America's first high-profile interracial marriage. She owned more movie sets than did any movie studio. She more or less single-handedly created the modern TV business. And yet Lucille's off-camera life was in disarray. While acting out a happy marriage for millions, she suffered in private. Her partner couldn't stay faithful. She struggled to balance her fame with the demands of being a mother, a creative genius, an entrepreneur, and, most of all, a symbol. *The Queen of Tuesday*—Strauss's follow-up to *Half a Life*, winner of the National Book Critics Circle Award—mixes fact and fiction, memoir and novel, to imagine the provocative story of a woman we thought we knew.

Read Darin Strauss's posts on the Penguin Blog Josh Goldin's happy yet unexamined existence is shattered one morning when his wife, Dori, rushes their eight-month-old son to the emergency room in severe distress. Dr. Darlene Stokes, an African-American physician and single mother, suspects Munchausen by proxy, a rarely diagnosed and controversial phenomenon where a mother intentionally harms her baby. As each of them is forced to confront a reality that has become a nightmare, Darlene, Dori, and Josh are pushed to their breaking points. Darin Strauss's extraordinary novel is set in a world turned upside down—where doctors try to save babies from their parents, police use the law to tear families apart, and the people you think you know best end up surprising you the most.

The Dickens classic reimagined as a female-centric, dark futuristic fable. To save a boy she barely knows, teenage orphan Olivia Twist joins THE ESTHERS, a rag-tag girl gang of thieves running free in a dangerous future. Olivia's life in this London of internment camps and strange technology gets even more complicated when she discovers that she has more

power and wealth than she's ever dreamed of. But it comes with a great cost. This volume collects issues #1-#4 of Darin Strauss, Adam Dalva, and Emma Vieceli's Olivia.

This stunning novel combines fiction with astonishing fact to tell the story of history ' s most famous conjoined twins. Born in Siam in 1811—on a squalid houseboat on the Mekong River—Chang and Eng Bunker were international celebrities before the age of twenty. Touring the world ' s stages as a circus act, they settled in the American South just prior to the Civil War. They eventually married two sisters from North Carolina, fathering twenty-one children between them, and lived for more than six decades never more than seven inches apart, attached at the chest by a small band of skin and cartilage. Woven from the fabric of fact, myth, and imagination, Strauss ' s narrative gives poignant, articulate voice to these legendary brothers, and humanizes the freakish legend that grew up around them. Sweeping from the Far East and the court of the King of Siam to the shared intimacy of their lives in America, Chang and Eng rescues one of the nineteenth century ' s most fabled human oddities from the sideshow of history, drawing from their extraordinary lives a novel of exceptional power and beauty.

One of the finest living writers in the English language, V. S. Naipaul gives us a tale as wholly unexpected as it is affecting, his first novel since the exultantly acclaimed *A Way in the World*, published seven years ago. *Half a Life* is the story of Willie Chandran, whose father, heeding the call of Mahatma Gandhi, turned his back on his brahmin heritage and married a woman of low caste—a disastrous union he would live to regret, as he would the children that issued from it. When Willie reaches manhood, his flight from the travails of his mixed birth takes him from India to London, where, in the shabby haunts of immigrants and literary bohemians of the 1950s, he contrives a new identity. This is what happens as he tries to defeat self-doubt in sexual adventures and in the struggle to become a writer—strivings that bring him to the brink of exhaustion, from which he is rescued, to his amazement, only by the love of a good woman. And this is what happens when he returns with her—carried along, really—to her home in Africa, to live, until the last doomed days of colonialism, yet another life not his own. In a luminous narrative that takes us across three continents, Naipaul explores his great theme of inheritance with an intimacy and directness unsurpassed in his extraordinary body of work. And even as he lays bare the bitter comical ironies of assumed identities, he gives us a poignant spectacle of the enervation peculiar to a borrowed life. In one man ' s determined refusal of what he has been given to be, Naipaul reveals the way of all our experience. As Willie comes to see, “ Everything goes on a bias. The world should stop, but it goes on. ” A masterpiece of economy and emotional nuance, *Half a Life* is an indelible feat of the imagination.

A Rolling Stone Best Book: This memoir of a troubled young man ' s escape into the Detroit punk scene is “ a Kerouac-like saga fueled with energy and ecstasy ” (Pittsburgh Post-Gazette). Described by Darin Strauss as “ Nick Flynn meets Karl Ove Knausgard ” and “ a book of relentless compassion, ” *Songs Only You Know* is an intense, sprawling memoir, equal parts family tragedy and punk rock road trip. It begins in late 1990s Detroit and spans a decade during which a family fights to hold itself together in the face of insurmountable odds. Sean ' s father endangers his career at Ford Motor as he cycles from rehab to binge. His heartsick sister spirals into depression, and his mother relies on her Catholic faith and good works to spare what can be spared. Meanwhile, Sean seeks salvation in a community of eccentrics and outsiders. But the closer Sean comes to realizing his musical dream, the further he drifts from his family and himself.
