The impotence of men has been a recurrent topic since the dawn of human culture.

Drawing on a range of sources from across centuries, McLaren demonstrates how male sexuality was constructed around the idea of potency, from times past when it was essential for the purpose of "siring" children, to today, when successful sex is viewed as a component of a healthy emotional life.

Along the way, Impotence enlightens and fascinates with tales of sexual failure and its remedies—for example, had Ditka lived in ancient Mesopotamia, he might have recited spells while eating roots and plants rather than pills—and explanations, which over the years have included witchcraft, shell-shock, masturbation, feminism, and the Oedipal complex. McLaren also explores the surprising political and social effects of impotence, from the
