Tells how clutches & transmissions work - gear, friction, & hydrostatic. Gives basics of service & repair of major types of drives, transmission, transaxles, & clutches used in compact equipment. Includes troubleshooting guides. It provides the reader with a list of skills & knowledge that should be learned with each chapter. CONTENTS: Basic principles, clutches, mechanical transmissions, hydrostatic transmissions, belt & chain drives, differentials, final drives, power take-offs, service & maintenance & troubleshooting.

Modern living isn't easy. It often seems to require some know-how our parents didn't pass on, or a special tool. Happily, Kaufmann Mercantile has both, and in this comprehensive field guide, they share their expertise on a huge range of topics, from frying an egg, tying a tie, or brewing coffee to things the inner utilitarian in all of us aspires to do, like splitting wood, building a fire, growing our own food, or making our own soap. Fifty how-tos are organized into five sections: Kitchen, Outdoors, Home, Garden, and Grooming. Written in clear detail and extensively illustrated, The Kaufmann Mercantile Guide teaches us what we ought to know how to do, as well as what we'd like to. Supplemental sidebars feature the best tool for the job, whether a dibber for planting, the best rawhideand- ash snowshoes, or flammable smoking bags for making authentic BBQ. This book is a must-have reference tool for living well in the twenty-first century.

A tractor repair manual written for the experienced mechanic by professionals in an easy-to-use format , including numerous photos, illustrations and exploded views.

Covers models manufactured through 1998.

Encircling 2 continues Carl Frode Tiller's "poised and effective Rashomon-style exploration of multiple psyches" (Kirkus Reviews) Book two of The Encircling Trilogy continues piecing together the fractured identity of David, the absent central figure who has lost his memory. Three very different friends write letters about his childhood on the backwater island of Otterøya. Ole, a farmer struggling to right his floundering marriage, recalls days in the woods when an act of pretending went very wrong. Tom Roger, a rough-edged outsider slipping into domestic violence, shares a cruder side of David as he crows about their exploits selling stolen motorcycles and spreads gossip about who David's father might be. But it is Paula, a former midwife now consigned to a nursing home, who has the most explosive secret of all, one that threatens to undo everything we know about David. With a carefully scored polyphony of voices and an unwavering attention to domestic life, Carl Frode Tiller shows how deeply identity is influenced by our friendships. The Encircling Trilogy is an innovative portrayal of one man's life that is both starkly honest and unnervingly true.

"Farmall, Ford, John Deere, International, Case, Allis-Chalmers, Minneapolis-Moline, Oliver, Orphan Makes, and more." "Techniques for authentic show and work tractor restoration."
