The form alright is a one-word spelling of the phrase all right that made its first appearance in the 1880s. Alright is commonly used in written dialogue and informal writing, but all right is the only acceptable form in edited writing. Basically, it is not all right to use alright in standard English. And there is at least one instance in which alright would be all wrong and would alter the meaning of a sentence:

"Alright" vs. "All Right" | Dictionary.com

Background: Voluntary reporting systems identify only a fraction of medical errors. Electronic identification mechanisms, which are more efficient, have been defined for adverse drug events. However, similar systems are lacking for other types of

What do all those accounts demonstrate? That it's natural for us to look for Jesus in all the wrong places. When searching for the Lord, we imagine that we should be looking out for something visually spectacular. After all, it's God, right? And God must be easy to spot because he's big, grand, and glorious. Well, yes, he is.

Human rights is often a contentious issue and the application of human rights law always follows a dispute. The concept of a 'human rights culture' means different things to different people. To some, it means ensuring that everyone is treated with respect. For others, it is about the protection of rights at the expense of the general ...
