Winner of the New York Drama Critics Award for Best Musical, 1966 "To me the most interesting aspect of the success of Man of La Mancha is the fact that it plows squarely upstream against the prevailing current of philosophy in the theater. That current is best identified by its catch-labels--Theater of the Absurd, Black Comedy, the Theater of Cruelty--which is to say the theater of alienation, of moral anarchy and despair. To the practitioners of those philosophies Man of La Mancha must seem hopelessly naive in its espousal of illusion as man's strongest spiritual need, the most meaningful function of his imagination. But I've no unhappiness about that. "Facts are the enemy of truth," says Cervantes-Don Quixote. And that is precisely what I felt and meant."--Dale Wasserman, from the Preface.

The characters of Don Quijote de la Mancha and his loyal assistant Sancho Panza , are brought to life in this beautifully illustrated children's adaptation of the famed Spanish novel, which has stood the test of time since it first appeared in 1605. Told in an entertaining and witty style, the adventures of these seminal personalities will help young children to get acquainted with this popular and fun story in a manner that will keep their interest at a peak. It is ideal as a bedtime story, to be read alone or in the company of an adult and is certain to become a firm bedtime favorite for all. Also included with the book is a script for a Theater play, which gives another aspect to the story and would be perfect for schools or other places to turn into a production.

Dale Wasserman had more trouble getting it on to a Broadway stage than Don Quixote ever had with those

windmills.

Typescript, undated. Without music. Lacks title page. Marked lightly with ink. The script belonged to Richard Kiley when he was rehearsing the world premiere of this musical at the Goodspeed Opera House, East Haddam, Conn., in 1965.

In this smart and practical guide, Scott Miller looks at twenty musicals from a director's point of view.

Easy-to-read retelling of the hilarious misadventures of Don Quixote, the idealistic knight, and his squire, Sancho Panza, who set out to right the wrongs of the world. Abridged version with six charming illustrations.

Jeff Wynston, a mysteriously private movie star with an alcoholic past, reluctantly agrees to host a telethon for the prevention of child abuse. When Laura Stringhymn calls to inquire if 'ritual abuse' is included in the cause, the handsome star is thrust into a personal quest for 'truth', and discovers the horrific effects of 'occult crime' on an innocent family struggling to keep their religious standards. When offered the role of Don Quixote in Dale Wasserman's musical, Man of La Mancha, he finds the light and courage to "dream the impossible dream, fight the unbeatable foe, and right his unrightable wrong".

Evan, soon to be thirteen, is disturbed by his parents' divorce and dragged from his home in New York City to live with his mother in the Midwest, all while trying to figure out just who he really is.

In the same vein as her earlier Law and Literature, María José Falcón y Tella's new study takes a fresh look at the law in the works of two of the greatest authors in world literature: Cervantes and Shakespeare. In doing so, she examines subjects as wide-ranging as individual rights and freedoms; government and the administration of justice; criminal law; civil law, labor law; commercial law; and the treatment of madness, among others. This original and thought-provoking volume offers readers insight into the law "as" literature and the law "in" literature through the prism of masterpieces such as Don Quixote and Hamlet.
