~~My Universities by Maxim Gorky (1979-07-26): Maxim Gorky ...~~

From Maxim Gorky's Trilogy, (Moskva, 1975), Детство (this book) began it, followed by "Among the People," and "My University." One sentence I admire, even aspire to: at his father's grave he did not cry.

Coloured by poverty and horrifying brutality, Gorky's childhood equipped him to understand - in a way denied to a Tolstoy or a Turgenev - the life of the ordinary Russian. After his father, a paperhanger and upholsterer, died of cholera, five-year-old Gorky was taken to live with his grandfather, a polecat-faced tyrant who would regularly beat him unconscious, and with his grandmother, a tender mountain of a woman and a wonderful storyteller, who would kneel beside their bed (with Gorky inside it pretending to be asleep) and give God her views on the day's happenings, down to the last fascinating details. She was, in fact, Gorky's closest friend and the epic heroine of a book swarming with characters and with the sensations of a curious and often frightened little boy. *My Childhood*, the first volume of Gorky's autobiographical trilogy, was in part an act of exorcism. It describes a life begun in the raw, remembered with extraordinary charm and poignancy and without bitterness. Of all Gorky's books this is the one that made him 'the father of Russian literature'.

Winner of the American Library Association's 2021 Asian/Pacific American Award for Best Picture Book! An inspiring picture-book biography of animator Tyrus Wong, the Chinese American immigrant responsible for bringing Disney's *Bambi* to life. Before he became an artist named Tyrus Wong, he was a boy named Wong Geng Yeo. He traveled across a vast ocean from China to America with only a suitcase and a few papers. Not papers for drawing--which he loved to

do--but immigration papers to start a new life. Once in America, Tyrus seized every opportunity to make art, eventually enrolling at an art institute in Los Angeles. Working as a janitor at night, his mop twirled like a paintbrush in his hands. Eventually, he was given the opportunity of a lifetime--and using sparse brushstrokes and soft watercolors, Tyrus created the iconic backgrounds of Bambi. Julie Leung and Chris Sasaki perfectly capture the beautiful life and work of a painter who came to this country with dreams and talent--and who changed the world of animation forever.

"Two beings dwelt within me: one of them, having seen too much of filth and loathsomeness, had become chastened. Life's dreadful humdrum had made him skeptical and suspicious, and he looked with helpless compassion upon all people, including himself. This individual longed to lead a quiet, retired life far away from cities and people. He dreamed of going to Persia, of entering a monastery, of living in a forester's hut or the lodge of a railway guard, or becoming a night watchman somewhere on the outskirts of town. The fewer the people and the more remote, the better." The other individual, baptized by the holy spirit of wise and truthful books, realized that life's dreadful humdrum exerted a ruthless power which might easily lop off his head or crush him under a grimy heel. And so he summoned all his strength in self-defense, baring his teeth, clenching his fists, ever ready for a fight or an argument." In *My Apprenticeship*, Maxim Gorky (1868-1936) gives an exact account of his own adolescence. After the death of his mother, fourteen-year-old Alexei Peshkov (

Gorky) sets out to earn his own living. First he is the errand boy in a shoe shop; then, in turn, a draughtsman's apprentice, a dishwasher on a Volga steamboat, and an apprentice in a studio where icons are painted. Repulsed by the ugly mediocrity of middle-class life, by the "senseless, stupid animosity poisoning the life around him," he constantly searches for something better. My Apprenticeship (1916) is the second book of Gorky's autobiographical trilogy, each book of which represents an independent work.

Gorky first met Lenin at a Party Congress in London in 1907. They met again many times - during Lenin's exile in Europe and after the successful revolution of November, 1917. With the perspicacity of "a literary man, obliged to take notes of little details," Gorky gives a profoundly intimate picture of Lenin, a picture of which the developing revolution is an integral part, for it is impossible to separate the man from his role in history, so closely are they linked. In clear outline, Lenin the Bolshevik, the builder of his Party, the organizer and the leader of the revolution, arises from these pages. And it is all the more real, seen through the eyes of Gorky, for he tells of Lenin in his moments of rest and leisure as well as in moments of heated political debate; shows him at rest in Capri, playing chess and talking to the fishermen; looking after the health and comforts of his comrades; debating about the role of the intellectuals in the revolution; talking with workers about all the details of their lives.

This is a new release of the original 1939 edition.

"Three Men" by Maksim Gorky (translated by Charles Horne). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read.
