## Database Security Threats and Countermeasures

Editor's note: This is a rapidly evolving story and the information published below is current as of 31 January. International student movement, along with class and exam schedules in China, have already been impacted by an outbreak of the novel coronavirus (aka 2019-nCoV). The virus originated in Wuhan and, as of 31 January, has killed more than 200 people, sickened nearly 10,000, and
