examines the current technology and legal status of ODR in the EU, US, Asia and Australia, and discusses the relations between the various parties in dispute resolutions, especially the Fifth party for the provider of the technology.

~~Online Dispute Resolution |~~
ScienceDirect

Online dispute resolution (ODR) is the settlement of disputes through online mode of communication/interaction between the disputed parties. Online dispute resolution undertakes disputes that are partially or fully settled over the Internet, having been initiated in cyberspace but with a source outside it (offline) . In the literature and practice, ODR is also called as an alternate dispute resolution (ADR) and Internet dispute
