Cook, Orthopedic Manual Therapy, 2nd Edition | Pearson

Chad Cook really does a great job here presenting the evidence for manual therapy as well as areas that may not be as well supported. The first few chapters give a nice base and establish a thought process that is pursued in depth for each region in the following chapters.

Orthopedic Manual Therapy: 9780138021733: Medicine ...

Orthopedic Manual Therapy presents a systematic, step-by-step guide to manual therapy for disorders of the extremities and spine. Readers will find detailed examination and treatment techniques, the newest scientific and clinical advances, and updates on pain physiology, biomechanics, neurodynamics, and the biopsychosocial model of disease as the foundation for manual therapy.
