Statics

Sets the standard
for introducing the
field of comparative
politics This text
begins by laying out
a proven analytical
framework that is
accessible for
students new to the

Read Free

Pearson

field. The

framework is then
consistently

implemented in

twelve authoritative

country cases, not

only to introduce

students to what

politics and

governments are

like around the

world but to also

understand the

importance of their

Read Free

Pearson

Similarities and differences. Written by leading comparativists and area study specialists, *Comparative Politics Today* helps to sort through the world's complexity and to recognize patterns that lead to genuine political insight.
