Pit Corder Introducing Applied Linguistic

Finally, in the 1970s, the field was given scope (chance) and substance (value, importance) by the publication of Introducing Applied Linguistics by Spit Corder (1973). Dr.Mohammad Ghazanfari Applied linguistics 3. Kaplan (2002) has stated that “ applied linguistics is a difficult notion to define ” (p. vii).

Course planning and development, in the context of current theories of language learning.

English for Specific Purposes offers the teacher a new perspective on this important field. The main concern is effective learning and how this can best be achieved in ESP courses. The authors discuss the evolution of ESP and its position today; the role of the ESP teacher; course design; syllabuses; materials; teaching methods, and evaluation procedures. It will be of interest to all teachers who are concerned with ESP. Those who are new to the field will find it a thorough, practical introduction while those with more extensive experience will find its approach both stimulating and innovative.

The communicative approach is changing the face of foreign language teaching. It provides an introduction to communicative language teaching for practising classroom teachers. The author gives a single coherent account of the basic communicative ideas, emphasizing those aspects most important in the classroom so that teachers can integrate the new ideas into their own familiar methods. He stresses that a knowledge of grammar remains essential for effective communication.
