Pune: The Pune Municipal Corporation (PMC) administration has assured that it is prepared to tackle the worst-case scenario of a possible Covid-19 second wave in December-January.

~~PMC keeps beds ready for possible Covid 19 second wave ...~~

Restaurant operators are poised to adjust their businesses as new Allegheny County health advisory offers guidelines against going out in public to try and slow a fast-spreading Covid-19.

A collection of the author's contributions to publications on both sides of the Atlantic, including Times Literary Supplement, The Spectator, London Review of Books and New Statesman and Society. This collection includes sections devoted to literary criticism ranging from John Le Carre to Umberto Eco, foreign reportage from Beirut to Bombay and political analysis. Hitchens has a clear left-wing stance but his writings should appeal to those interested in modern politics.

Christopher Hitchens is widely recognised as having been one of the liveliest and most influential of contemporary political analysts. 'Prepared for the Worst' is a collection of the best of his essays of the 1980s published on both sides of the Atlantic.

When was the last time you have taken a few moments and paid close attention to what is going on in America? Have you noticed how fast this once great nation is fallen? When will the decline stop? We are going through the worst economic decline since "The Great Depression", the unemployment rate is the highest it has been in over twenty years, and the national deficit is at 14 trillion dollars and climbing every second. If none of this has affected you or someone in your family, how long will it be before it does? We are all only a crisis away from being included in the 3 million foreclosures (as of 2010), or the 15 million unemployed (as of 2010). Why is the federal government playing such a major role in our daily lives, when they can't seem to keep their own house in order? With the collapse of the economy and so many out of work, home invasions/robberies have skyrocketed. Are you prepared? I'm hoping that the information in this book can help you get prepared. If nothing else, open the eyes and minds of the millions that are totally oblivious to any of what I just mentioned.

Something is coming to rock your world. Are you ready? Most women are not. 80 percent of us will outlive our spouses, yet most of us don't feel confident making major financial decisions 91 percent of us live in areas prone to some type of natural disaster, but few of us have emergency kits? We're concerned about crime, but don't practice simple steps to avoid it No more guessing or standing by helplessly with a flat tire, house fire, hurricane, death, or burglary. With valuable tools, you'll assess more than twenty-five scary risks to help you identify areas to strengthen. You'll be ready for a wide range of challenges impacting in your relationships, with your money, and finances, about your health, your while you travels, and your home coping with inevitable disasters. Preparation is power. What you'll learn and more-? Priority items to put in your Bug-Out Bag? Critical red flags that can indicate a potential abuser? The household danger greater than fire? Priority items to put in your Bug-Out Bag? Mental and physical tips for surviving any challenge? Where to get money for your emergency fund? Items you should always have in your vehicle? The first thing to do if there is do with an active shooter in your workplace Do you want to be ready? Or not?

Crisis Proof will enable you to sleep peacefully at night, knowing your organisation is ready to protect its business and reputation, whatever the world may throw at it.

'For the sake of argument, one must never let a euphemism or a false consolation pass uncontested. The truth seldom lies, but when it does lie it lies somewhere in between.'. The global turmoil of the last few years has severely tested every analyst and commentator. Few have written with such insight as Christopher Hitchens about the large events - or with such discernment and with about the small tell-tale signs of a disordered culture. For the Sake of Argument ranges from the political squalor of Washington, as a beleaguered Bush administration seeks desperately to stave off disaster and Clinton prepares for power, to the twilight of Stalinism in Prague; from the Jewish quarter of Damascus in the aftermath of the Gulf War to the embattled barrios of Central America and the imperishable resistance of Saralevo, as a difficult peace is negotiated with ruthless foes. Hitchens' unsparing account of Western realpolitik in the end shows it to rest on delusion as well as deception. The reader will find in these pages outstanding essays on political assassination in America as well as a scathing review of the evisceration of politics by pollsters and spin-doctors. Hitchens' knowledge of the tortuous history of revolutions in the twentieth century helps him to explain both the New York intelligentsia's flirtation with Trotskyism and the frailty of Communist power structures in Eastern Europe.

Hitchens' pointed reassessments of Graham Greene, P.G. Wodehouse and C.L.R. James, or his riotous celebration of drinkiness and smoking, display an engaging enthusiasm and an acerbic wit. Equally entertaining is his unsparing rogues' gallery, which gives us unforgettable portraits of the lugubrious 'Dr' Kissinger, the comprehensively reactionary 'Mother' Teresa, the preposterous Paul Johnson and the predictable P.J. O'Rourke.

If disaster strikes and public services are limited, you want to know that your family will be taken care of. Learn how to inventory and rotate your food supply, pack an evacuation kit, maintain communication with loved ones, and much more. You'll soon gain the ingenuity and resourcefulness to get your family through even the most unfortunate circumstances.

Noam Chomsky, der laut New York Times bedeutendste Intellektuelle der Gegenwart, hat nicht nur die Wissenschaft von der Sprache und die Theorie des menschlichen Geistes revolutioniert; seine Annahmen über die Natur des Menschen haben ihn zu vehementen Plädoyers für Freiheit und Demokratie veranlasst und politische Analysen und Aktivitäten motiviert, die u.a. die Rolle des Staates und die Funktion der Demokratie betreffen. Die Beiträge dieses Buches befassen sich mit den wichtigsten Themen seines politischen Werkes: Die Natur des Menschen und die Entstehung gesellschaftlicher Institutionen Die Beziehung des Individuums zum Staat und der Kern von Chomskys anarchistischer Theorie des Staates Menschenrechte und der Begriff der Freiheit Macht und Widerstand Mit Beiträgen von Robert Barsky, Željko Bošković, Jean Bricmont, Günther Grewendorf, Georg Meggle, Milan Rai, Tom Roeper, Michael Schiffmann und Juan Uriagereka.

George Orwell has been embraced, adopted, and co-opted by everyone from the far left to the neoconservatives. Each succeeding generation of Anglo-American intellectuals has felt compelled to engage the life, work, and cultural afterlife of Orwell, who is considered by many to have been the foremost political writer of the twentieth century. Every Intellectual's Big Brother explores the ways in which numerous disparate groups, Orwell's intellectual "siblings," have adapted their views of Orwell to fit their own agendas and how in doing so they have changed our perceptions of Orwell himself. By examining the politics of literary reception as a dimension of cultural history, John Rodden gives us a better understanding of Orwell's unique and enduring role in Anglo-American intellectual life. In Part One, Rodden opens the book with a section titled "Their Orwell, Left and Right," which focuses on Orwell's reception by several important literary circles of the latter half of the twentieth century. Beginning with Orwell's own contemporaries, Rodden addresses the ways various intellectual groups of the 1950s responded to Orwell. Rodden then moves on in Part Two to what he calls the "Orwell Confraternity Today," those contemporary intellectuals who have, in various ways, identified themselves with or reacted against Orwell. The author concludes by examining how Orwell's status as an object of admiration and detraction has complicated the way in which he has been perceived by readers since his death.

In an incisive and thought-provoking debate, journalists--representing the left, and the right--duke it out over a host of issues facing the nation today--with contributions by Thomas Fleming, Susan Sontage, William Monahan, Tony Kushner, Kenneth Anderson, Nat Hentoff, David Brooks, Edward Said, Peter Collier,, and James Weinstein, among others. Original.
