Answer added by Haitham Alghamdi, Senior IT System Administrator, KBR - AMCDE 7 years ago A good administrator should have first patience and good communication skills to be able to understand and answer questions, have a positive body language, and the natural like of helping people and doing other tasks.

What is the best quality of an administrator? - Bayt.com ...

Most current English language program administrators (ELPAs) received degrees in applied linguistics or TESOL and learned the administrative side through experience and self-study. No degrees are yet offered specifically in language program management, but certificates or diplomas may be earned at the School for International Train-

What, Me? An Administrator?

The administrative quality depends on the interplay of people (more exactly their administrative competence), rules (operational instructions), and tools. To obtain better administrative quality all these components need to be synchronized.

Evaluating and improving quality of administration

Administrators: ELL Resources Administrators play a crucial role in creating an environment in which ELLs can succeed. This section offers school leaders particularly those with growing ELL populations ideas and strategies to make that happen. Resources include articles, recommended reports, professional books, and expert interviews.
