Religious texts are texts related to a religious tradition. They differ from literary texts by being a compilation or discussion of beliefs, mythologies, ritual practices, commandments or laws, ethical conduct, spiritual aspirations, and for creating or fostering a religious community. The relative authority of religious texts develops over time and is derived from the ratification, enforcement, and its use across generations. Some religious texts are accepted or categorized as canonical, some n

political, economic, religious and ecological changes from Palaeolithic to Roman eras. Designed for beginners with little knowledge of the ancient world, and with copious illustrations and charts, it explains how and why academic study of the past is undertaken, as well as the differences between historical and theological scholarship and the differences between ancient and modern genres of history writing. Classroom tested chapters emphasize the authenticity of the Bible as a product of an ancient culture, and the many problems with the biblical narrative as a historical source. Neither "maximalist" nor "minimalist" it is sufficiently general to avoid confusion and to allow the assignment of supplementary readings such as biblical narratives and ancient Near Eastern texts. This new edition has been fully revised, incorporating new graphics and English translations of Near Eastern

African Traditional religion (ATR) is one of the world religions with a great people and a great past. It is embraced by Africans within and outside the continent despite the various ethnic religious practices and beliefs. This book highlights and discusses the common elements which introduce African Traditional Religion as one unified religion and not a collection of religions. The major focus of the book is discussing the need for studying ATR in twenty-first-century Africa whereby globalization and multi-culture are prominent phenomena. Why should we study the religion of the African natives in this age? In response to this question, the book argues that since ATR is part of the African people's culture, there is a need to understand this cultural background in order to

contextualize Christian theology. Using some illustrations from Nyumbanitu worship shrine located at Njombe in Tanzania, the book purports that there is a need to understand African people's worldview, their understanding of God, their religious values, symbols and rituals in order to enhance meaningful dialogue between Christianity and African people's current worldview. In this case, the book is important for students of comparative religion in universities and colleges who strive to understand the various religions and their practices.
