A name that's synonymous with packed theatres shouting his name and crowds of young men cheering for him, Salman Khan has been reigning in the popular imagination for three decades now. However, superstardom came with its share of troubles. Salman has found himself in the news once too often, almost as though he were controversy's favourite child. Endlessly discussed as well as criticised, he is an object of adulation, fantasy and reverence in the cultural space. Tabloid pieces, stories and gossip-all tend to collapse him into a formula, making him lose his exclusivity when he is one of a kind. *Salman Khan: The Man, The Actor, The Legend* offers new perspectives on cinema and the peculiar glow of this star's superstardom in a consumerist society. It cuts through the many layers of his personality, the gossip and the rumours to focus on the star's aesthetic formulation-on what exactly it is about film and television, the star system and the capitalistic society that make him such a huge icon. It looks into Salman Khan, the phenomenon, in-depth, considering there have been fewer enquiries dedicated to charting his stardom than some of his contemporaries. A fascinating account of one of Bollywood's towering figures, this is a candid portrait of Salman Khan-the man and the superstar-and what makes this legend thrive across generations.

Indian Film Stars offers original insights and important reappraisals of film stardom in India from the early talkie era of the 1930s to the contemporary period of global blockbusters. The collection represents a substantial intervention to our understanding of the development of film star cultures in India during the 20th and 21st centuries. The contributors seek to inspire and inform further inquiries into the histories of film stardom-the industrial construction and promotion of star personalities, the actual labouring and imagined lifestyles of professional stars, the stars' relationship to specific aesthetic

The star images, star bodies and star careers discussed are examined in relation to a wide range of issues, including the negotiation and contestation of tradition and modernity, the embodiment and articulation of both Indian and non-Indian values and vogues; the representation of gender and sexuality, of race and ethnicity, and of cosmopolitan mobility and transnational migration; innovations and conventions in performance style; the construction and transformation of public persona; the star's association with film studios and the mainstream media; the star's relationship with historical, political and cultural change and memory; and the star's meaning and value for specific (including marginalised) sectors of the audience.
