Simians, Cyborgs and Women: The Reinvention of Nature ...

Simians, Cyborgs and Women is a powerful collection of ten essays written between 1978 and 1989. Although on the surface, simians, cyborgs and women may seem an odd threesome, Haraway describes their profound link as "creatures" which have had a great destabilizing place in Western evolutionary technology and biology.

Simians, Cyborgs and Women: The Reinvention of Nature by ... Primate Visions (1989) is an analysis of the gender and racial politics of primatology, the study of "man's closest relatives in the animal kingdom." One of Haraway's recent books, *Simians, Cyborgs, and Women* (1991), collects essays written between 1978 and 1989, including the important "Cyborg Manifesto," which argues for the necessity of a feminist science and technology, rather than the rejection of both fields, as advocated by many feminist utopians.

Simians, Cyborgs and Women: The Reinvention of Nature ...
The cyborg is a matter of fiction and lived experience that changes what counts as women's experience in the late twentieth century. This is a struggle over life and death, but the boundary between science fiction and social reality is an optical illusion. Contemporary science fiction is full of cyborgs — creatures simultaneously animal and

A Cyborg Manifesto

Finally, as a feminist who has been confronted too often with the allegation that all feminists believe in the superiority of women, I cannot help but close with Haraway's most famous line: I would rather be a cyborg than a goddess. (p. 181) [Donna J. Haraway: Simians, Cyborgs, and Women. The Reinvention of Nature, New York 1991.]

Book Review: Donna Haraway "Simians, Cyborgs, And Women ...

In her updated essay "A Cyborg Manifesto: Science, Technology, and Socialist-Feminism in the Late Twentieth Century", in her book Simians, Cyborgs and Women: The Reinvention of Nature (1991), Haraway uses the cyborg metaphor to explain how fundamental contradictions in feminist theory and identity should be conjoined, rather than resolved, similar to the fusion of machine and organism in cyborgs.

Donna Haraway - Wikipedia

The essay was most widely read as part of Haraway's 1991 book *Simians, Cyborgs and Women*. In 2006, a variorum edition of the *Manifesto* was published in *The International Handbook of Virtual Learning Environments* [28] integrating variations from the various versions and returning references and some of the scholarly apparatus that had become separated from the text.
