Silly and zany, and armed with the most unusual skills, these heroes are out to save the world--one letter at a time! bubble-Man blows big bubbles at bullies, and laughing lass laughs at lawbreakers! together, these one-of-a-kind defenders represent the ABC's in a way never seen before. Renowned comic-book illustrator bob mcleod has created a full cast of humorous and delightful characters, sure to please anyone in need of a hero to save the day.

Superman is the original superhero, an American icon, and arguably the most famous character in the world--and he's Jewish! Introduced in June 1938, the Man of Steel was created by two Jewish teens, Jerry Siegel, the son of immigrants from Eastern Europe, and Joe Shuster, an immigrant. They based their hero's origin story on Moses, his strength on Samson, his mission on the golem, and his nebbish secret identity on themselves. They made him a refugee fleeing catastrophe on the eve of World War II and sent him to tear Nazi tanks apart nearly two years before the US joined the war. In the following decades, Superman's mostly Jewish writers, artists, and editors continued to borrow Jewish motifs for their stories, basing Krypton's past on Genesis and Exodus, its society on Jewish culture, the trial of Lex Luthor on Adolf Eichmann's, and a future holiday celebrating Superman on Passover. A fascinating journey through comic book lore, American history, and Jewish tradition, this book examines the entirety of Superman's career from 1938 to date, and is sure to give readers a newfound appreciation for the Mensch of Steel!

Unlock the secrets of the most influential age of Superman's history--when kryptonite came in multiple colors, super-pets scampered across the skies and Brainiac first invaded Earth -- in The Krypton Companion, a behind-the-scenes exploration of the Man of Steel's adventures from 1958 through 1986. Writer/editor Michael Eury explores this classic comics era through all-new interviews with fan-favorite Superman writers and artists; previously unpublished and/or immortal

artwork by Curt Swan, Neal Adams, Wayne Boring, Jose Luis Garcia-Lopez, Adam Hughes, Nick Cardy, Jim Mooney and others; Superman co-creator Jerry Siegel's "lost" imaginary story "The Death of Clark Kent;" a roundtable discussion where today's comics pros -- including John Byrne, Alex Ross and Mark Waid -- discuss the Superman of yesteryear and other revealing features! Plus a (last-page) introduction by Bizarro No. 1 (abetted by Seinfeld writer David Mandel) and a super cover by Watchmen's Dave Gibbons!

In this wipe-clean workbook, kids can practice writing their ABCs and 123s all while fighting the biggest super-villains, like the Joker and Cat Woman.

The blockbuster DC Icons series that began with Leigh Bardugo's Wonder Woman, Marie Lu's Batman, and Sarah J. Maas's Catwoman continues with the story of the world's first super hero--SUPERMAN--from award-winning and #1 New York Times bestselling author MATT DE LA PEÑA. When the dawn breaks, a hero rises. His power is beyond imagining. Clark Kent has always been faster, stronger--better--than everyone around him. But he wasn't raised to show off, and drawing attention to himself could be dangerous. Plus, it's not like he's earned his powers . . . yet. But power comes with a price. Lately it's difficult to hold back and keep his heroics in the shadows. When Clark follows the sound of a girl crying, he comes across Gloria Alvarez and discovers a dark secret lurking in Smallville. Turns out, Clark's not the only one hiding something. Teaming up with his best friend, Lana Lang, he throws himself into the pursuit of the truth. What evil lies below the surface of his small town? And what will it cost Clark to learn about his past as he steps into the light to become the future Man of Steel? Because before he can save the world, he must save Smallville. Act fast! The first printing includes a poster of Clark Kent! Each first printing in the DC Icons series has a limited-edition poster--collect them all to create the full image! Don't miss the rest of the DC Icons series! Read the books in any order you choose: \* Wonder Woman: Warbringer by Leigh Bardugo \* Batman: Nightwalker by Marie Lu \* Catwoman: Soulstealer by Sarah J. Maas

In a universe full of superheroes, Lois Lane has fought for truth and justice for over 75 years on page and screen without a cape or tights. From her creation by Jerry Siegel and Joe Shuster in 1938 to her forthcoming appearance in Batman v Superman: Dawn of Justice in 2016, from helming her own comic book for twenty-six years to appearing in animated serials, live-action TV shows, and full-length movies, Lois Lane has been a paragon of journalistic integrity and the paramour of the world's strongest superhero. But her history is one of constant tension. From her earliest days, Lois yearned to make the front page of the Daily Planet, but was held back by her damsel-in-distress role. When she finally became an ace reporter, asinine lessons and her tumultuous romance with Superman dominated her storylines for decades and relegated her journalism to the background. Through it all, Lois remained a fearless and ambitious character, and today she is a beloved icon and an inspiration to many. Though her history is often troubling, Lois's journey, as revealed in Investigating Lois Lane, showcases her ability to always escape the gendered limitations of each era and of the superhero genre as a whole.

After debuting in 1938, Superman soon became an American icon. But why has he maintained his iconic status for nearly 80 years? And how can he still be an American icon when the country itself has undergone so much change? Superman: Persistence of an American Icon examines the many iterations of the character in comic books, comic strips, radio series, movie serials, feature films, television shows, animation, toys, and collectibles over the past eight decades. Demonstrating how Superman's iconic popularity cannot be attributed to any single creator or text, comics expert Ian Gordon embarks on a deeper consideration of cultural mythmaking as a collective and dynamic process. He also outlines the often contentious relationships between the various parties who have contributed to the Superman mythos, including corporate executives, comics writers, artists, nostalgic commentators, and collectors. Armed with an encyclopedic knowledge of Superman's appearances in comics and other media, Gordon also digs into comics archives to reveal the prominent role that fans have played in remembering, interpreting, and reimagining Superman's iconography. Gordon considers how comics, film, and TV producers have taken advantage of fan engagement and nostalgia when selling Superman products. Investigating a character who is equally an icon of American culture, fan culture, and consumer culture, Superman thus offers a provocative analysis of mythmaking in the modern era.
