Once you decide you're interested in tantric sex, experts recommend trying it with yourself first. "Tantric masturbation is the exact opposite of the quick-n-dirty, rush-to-the-finish-line masturbation that so many people practice," says Carol Queen, Ph.D., Good Vibrations sexologist and curator of the Antique Vibrator Museum. "It entails concentrating on your breath, slowing down your touch ...

Uses pictures and words to teach French to young children.

Global Tantra explores the global exchanges that shaped a subject often associated with sexuality, social liberation, and bodily wellbeing but that also offers insights into political and religious developments in colonial India, involving race, education, and national identity. The study elides boundaries in disciplinary, historical, and regional contexts, tackles issues such as revivalism and reformism, and provides an integrative approach that suggests ideas to advance the debate about (post)colonialism and cultural appropriation.

In the 'Tantric Transformation' we are introduced to the sacred and ancient tradition of Tantra by a contemporary Tantric master, Osho. We are given a detailed map of Tantra: inner man, inner woman; the meeting of man and woman; the transformation of energy through sex, love and meditation. Based on the Royal Song of Saraha, we are not just introduced to an Asian sex tradition but with Osho we enter the higher levels of transformation. Here we find Tantra as a door to freedom: freedom from all mind-constructs, mind games; freedom from all structures and freedom from the other. Love and meditation merge and provide a path to liberation.'Tantric Transformation' is a very alive, concrete book for exploration of our own energy, of our own inner space. You don't just read Osho, you undefine yourself.

Tantric traditions in both Buddhism and Hinduism are thriving throughout Asia and in Asian diasporic communities around the world, yet they have been largely ignored by Western scholars until now. This collection of original essays fills this gap by examining the ways in which Tantric Buddhist traditions have changed over time and distance as they have spread across cultural boundaries in Asia. The book is divided into three sections dedicated to South Asia, Central Asia, and East Asia. The essays cover such topics as the changing ideal of masculinity in Buddhist literature, the controversy triggered by the transmission of the Indian Buddhist deity Heruka to Tibet in the 10th century, and the evolution of a Chinese Buddhist Tantric tradition in the form of the True Buddha School. The book as a whole addresses complex and contested categories in the field of religious studies, including the concept of syncretism and the various ways that the change and transformation of religious traditions can be described and articulated. The authors, leading scholars in Tantric studies, draw on a wide array of methodologies from the fields of history, anthropology, art history, and sociology. Tantric Traditions in Transmission and Translation is groundbreaking in its attempt to look past religious, linguistic, and cultural boundaries.

Have you ever felt that ecstasy after a beautiful night with your partner? Do you have the desire to feel it again and again?Would you like to drastically improve your relationship and live your sexual life to its full potential?Would you like to have a tool that is going to lead you in every area of internal and external relationships? I think your answer is a definite "Yes" to at least one of these questions, so just keep reading... "TANTRIC SEX" - a book that will teach you the secrets of long-lasting relationships. A complete guide for tantric philosophy, meditation, massage and sex. Sex is one of these topics people never talk about in public, friends, relatives, even with their partner. Silence is usually a big problem that can break relationships, even after decades in a relationship. Tantra is a philosophy that has been used for over 6000years, starting in India and has helped a lot of modern time people who dealt with their intimate relationships with their partners. In this guide we managed to take all the most researched information, put it together and create the most practical and simple guide with clear directions and explanations. Let's take a look at only a few things we will teach you in this book: Tantra and its benefits Sex and Orgasm (everything you need to know) Mind preparation guide for passionate relationship How to use Tantra philosophy in your everyday life? Tantra is not only about a personal relationship Now it is your turn to take action. Scroll up, click on "Buy Now" and experience it!

With the kingdom finally secure, King Locke is summoned to the coast for what may be a new threat. The past catches up with the king as well, and once again the Surin Knights are called to defend all they hold dear!

"...one of the most fascinating, candid and luminous books about spiritual development available...based on Breau's quite remarkable first-hand experiences, (he) proceeds to illuminate Tantra, kundalini and the chakra system by devoting a chapter to each chakra...and concludes with a description of his breathtaking encounters with a dakini.

"This book clearly outlines and discusses the methods for transforming both body and mind through the highest forms of tantric practice. Highest Yoga Tantra is the pinnacle of tantric systems found in the Tibetan Buddhist tradition. Remarkable for its definitive clarity, this exposition of the stages of Highest Yoga Tantra is the first of its kind in the English language and a must for anyone interested in these highest tantras."--BOOK JACKET.

No one has ever talked about tantra with such clarity, coherence and simplicity. Religious Studies Review
