Jung - the Key Ideas is designed to quickly familiarize you with the revolutionary thinking of Carl Jung, the founder of analytical psychology. Explaining Jung's complex ideas in simple terms, and backing it up with references to his own texts, you will learn all the essential concepts, from the collective unconscious to archetypes in dreams. You will learn about Jung's upbringing and the development of his thinking. Discover his early work and influences and how they came to shape his ideological and spiritual development. The intricacies of Jung's complex systems of thought are discussed in a straightforward and jargon-free way with particular focus on his lifelong fascination with the spiritual, the numinous, the inner world and the self-realization of the unconscious. Jung's exploration of mythology, dreams, visions and fantasies, as well as his studies into the journey of the psyche, are all explained, making often complex theories easy to get to grips with and the book also looks at his legacy and how his work and ideas have shaped psychology with many therapists still trained in the Jungian method.

Presents the Swiss psychologist's thoughts, experiences, and everything he felt after a period of time spent seeing visions, hearing voices, and inducing hallucinations.

Marx - the Key Ideas will give you a complete understanding of the life and work of 'the father of communism'.

Based on the Tavistock Lectures of 1930, one of Jung's most accessible introductions to his work.
