One of the most famous of the Court's rulings involving the conflict between religious freedom and state public schools came under Chief Justice Burger in 1972. It resulted in a victory for three Amish families in rural Wisconsin who were testing the guarantee of religious freedom.

The Burger Court, 1969-1986 - Supreme Court Historical Society

Burger was not a forceful leader and was never able to overturn any of the Warren Court's rulings. Instead his court was led by the moderate justices who tried to find middle ground. While it might not have been his intention when he took over the court, his court's ruling on abortion set off a social struggle that continues to split the nation today.

The Supreme Court: Burger Court - InfoPlease

The Burger Court lasted from June 1969 to September 1986, during the presidencies of Richard Nixon, Gerald Ford, Jimmy Carter and Ronald Reagan. Warren Burger was nominated as Chief Justice of the United States Supreme Court by President Richard M. Nixon on May 23, 1969. Nixon became president in January 1969 and campaigned on the promise to appoint conservative justices to the Supreme Court.

The Burger Court - Ballotpedia

In the area of religious liberty, the Burger Court addressed Establishment Clause issues raised during the Warren Court. In Engel v. Vitale (1962), the Court ruled that government-written prayers could not be used in public schools. The Burger Court heard several cases implicating the Establishment Clause of the First Amendment.

The Supreme Court Opinion Writing Database

In one of his most notable rulings, the Supreme Court unanimously agreed that President Nixon must release tapes relating to the Watergate scandal. Burger was a strong proponent of checks and balances, and his ruling in Immigration and Naturalization Services v. Chadha ensured that the separation of powers was kept intact.

Explores the era, justices, key events, and decisions in landmark Supreme Court cases, and examines the impact of the Court under Chief Justic William Burger on religious liberty, civil liberties, abortion, and criminal justice.

A revelatory look at the Warren Burger Supreme Court finds that it was not moderate or transitional, but conservative;and it shaped today's constitutional landscape. It is an important book;a powerful corrective to the standard narrative of the Burger Court! (The New York Times Book Review). When Richard Nixon campaigned for the presidency in 1968 he promised to change the Supreme Court. With four appointments to the court, including Warren E. Burger as the chief justice, he did just that. In 1969, the Burger Court succeeded the famously liberal Warren Court, which had significantly expanded civil liberties and was despised by conservatives across the country. The Burger Court is often described as a transitional court between the Warren Court and the Rehnquist and Roberts Courts, a court where little of importance happened. But as this landmark new book! (The Christian Science Monitor) shows, the Burger Court veered well to the right in such areas as criminal law, race, and corporate power. Authors Graetz and Greenhouse excavate the roots of the most significant Burger Court decisions and in elegant, illuminating arguments! (The Washington Post) show how their legacy affects us today. Timely and engaging! (Richmond Times-Dispatch). The Burger Court and the Rise of the Judicial Right draws on the personal papers of the justices as well as other archives to provide the best kind of legal history: cogent, relevant, and timely! (Publishers Weekly).

Essays evaluate the decisions made by the Supreme Court concerning freedom of the press, freedom of speech, court practices, discrimination, labor law, antitrust actions and the rights of the poor

A companion to Oxford's The Unpublished Opinions of the Warren Court, this book contains the draft opinions that were prepared by the Justices in the cases included, as well as a short historical preface of each case and an analysis of the legal events occurring after the drafts were sent to the Justices.

"In this ground-breaking book, Stephen L. Wasby examines change in the transition from the Warren Court to the Burger Court in terms of liberalism/conservatism, activism/self-restraint, and President Nixon's expectations. However, Wasby stresses the continuity between the two courts - those policy areas where the Burger Court maintained, if not advanced, Warren Court rulings. The author assesses both courts by examining the liberal/conservative aspects of each; he shows the Warren Court as not fully liberal, the better to evaluate the not-fully-conservative Burger Court. Continuity and Change covers not only civil liberties, but policy on access to the courts, economic policy, and relations between the branches of government. Wasby supplements policy discussion with material on internal dynamics (agreement/disagreement), nomination and confirmation of Supreme Court nominees, and the Court's screening of cases"--Unedited summary from book cover.

This volume offers valuable insights into the thirteen justices who served on the Supreme Court while Warren E. Burger was chief justice, from 1969 to 1986. Each chapter focuses on one of the thirteen, beginning with a brief introduction and biographical sketch and then analyzing the individual justice's contributions to major areas and issues of constitutional law.

Warren E. Burger served as Chief Justice of the Supreme Court from 1969 to 1987, an often tumultuous period in which the Court wrestled with several compelling constitutional issues. United States v. Nixon set the stage for the resignation of a President; Roe v. Wade created a nationwide debate that is as divisive today as ever before; Lemon v. Kurtzman attempted to enunciate a clear standard for vexing church-state issues; and the "Pentagon Papers" case was a landmark freedom-of-the-press decision. An impressive collection of writings by legal scholars and practitioners, including many by people who worked directly or indirectly with the Court itself, The Burger Court is the first truly systematic review of the Court's activity during Warren Burger's tenure. Such distinguished contributors as Derrick Bell, Robert Drinan, Anthony Lewis, and Mark Tushnet review individual cases and jurisprudential trends in order to render comprehensive judgments of the Court's accomplishments and shortcomings. The essays in this volume were gathered by the late Bernard Schwartz, one of America's most revered scholars of constitutional law and the editor of this book's well-received predecessor, The Warren Court: A Retrospective (OUP, 1996). As the finest overview to date of this Court's legacy and significance, The Burger Court will greatly interest anyone with a taste for constitutional issues or recent American history.

"Meticulously researched and engagingly written . . . a comprehensive indictment of the court's rulings in areas ranging from campaign finance and voting rights to poverty law and criminal justice." Financial Times A revelatory examination of the conservative direction of the Supreme Court over the last fifty years. In Supreme Inequality, bestselling author Adam Cohen surveys the most significant Supreme Court rulings since the Nixon era and exposes how, contrary to what Americans like to believe, the Supreme Court does little to protect the rights of the poor and disadvantaged; in fact, it has not been on their side for fifty years. Cohen proves beyond doubt that the modern Court has been one of the leading forces behind the nation's soaring level of economic inequality, and that an institution revered as a source of fairness has been systematically making America less fair. A triumph of American legal, political, and social history, Supreme Inequality holds to account the highest court in the land and shows how much damage it has done to America's ideals of equality, democracy, and justice for all.

Highlights - Provides an analysis of the major conservative changes in U.S. constitutional law during the Rehnquist Court- Analyzes the Rehnquist Court's voting record and the lasting impacts of those votes

Explores the era, justices, key events, and decisions in landmark Supreme Court cases under Chief Justice Earl Warren.
