Majestic in its power, the dragon in Western culture appears in myth and legend as the jealous guardian of a treasure hoard - epitomized by J.R.R. Tolkien's Smaug, and seen more recently in J.K. Rowling's Harry Potter series and George R.R. Martin's Game of Thrones series. But that is not the whole story - dragons are complex creatures, and the beast is usually credited with cunning and often the power of speech - it is not just a brutal, terrifying monster.

Majestic in their power, dragons inhabit the mythic world of the unconscious. The Ultimate Tarot for Dragon Lovers The concept of dragons exists in virtually every culture. This is shown in the Minor Arcana of this deck which uses Asian dragons for Cups, European dragons for Swords, African dragons for Wands and Central and South American dragons for Pentacles. This allows you to better understand the energies of the cards, the cultures, and the Tarot, making this a powerful deck for divination. The Major Arcana uses famous dragons. The Empress shows Tiamat, "representing primordial chaos, the female force and energy of creation." Death shows St. George who slew the dragon. The Devil is Apep or Apophis, "the dragon that, for the ancient Egyptians, blocked the way to Ra, the sun god, and guarded the regions of death." The Fool, however, is simply "The Hunter of Dragons, representing "mankind's insane thousand-year-old search for the dragon." The images may not be traditional, but the intent is there. Because of its worldwide focus, this is a unique deck unlike any other. It's a virtual collection of world art for collectors. It shows how the power and symbolism of the Tarot can be universalized into virtually any tradition. And it will give you an incredible visual entry into the clout and majesty of the dragons of the world. The Deluxe version of this comes with a beautiful, embroidered bag to hold your deck. The Mini Deck is small enough for pocket or purse and easy to carry anywhere. If you like dragons and the Tarot, this is a deck you simply must have!

A unique oracle deck to channel the energy and insight of the 33 powerful dragon guides revealed over two decades to the original Dragon Lady Caroline Mitchell. The dragons urge us to become the best possible version of ourselves, to release fears and pain, to accept and nurture ourselves and embrace our spiritual awakening. Dragons are immensely powerful, creative, inquisitive and honourable beings, with enormous compassion and often a dry sense of humour. This ground-breaking oracle deck allows users to connect with 33 dragons, each with their own personality and way of helping us. Each of the 33 stunning cards represents one of the dragons, and an 80-page booklet profiles the dragons in detail, suggesting how to work with their energy. The Dragons are grouped in four clans: the Earth Walk Dragons, the empowering, who support us on our physical journey; the multi-dimensional Galactic Dragons, the connectors, who work out in the galaxies to raise our vibration; the Grand Master Dragons, shape-shifting spiritual teachers who seek us out when we have started to advance; and the Guardian Dragons, who work in pairs, balancing each other's energies like yin and yang and guiding us wherever we are on our spiritual journey. Rather than giving us straight answers, the dragons guide us as we begin to trust ourselves, our intuition and our inner wisdom. Working with the dragons, we notice when the Universe is answering our call, and then act upon it. As our spiritual growth deepens, we become more self-aware and release old belief patterns, behaviours and ways of being. The Dragons ask only that we be true to ourselves. There is no set way to use the cards - connect with the Dragons in the way that feels right to you, whether that is picking a Daily Guidance card for instant insight or using the spreads described in the booklet, such as the Month Ahead spread, defining your focus for the next four weeks, or the Spiritual Seeker spread, created to help you on your spiritual journey.

The dragon, an image of primitive force and power, is present in the imagination of all civilizations. Inspired by myths from every corner of the globe, this imaginative deck features the mystical beast and its many forms amid diverse iconography from Africa, Asia, the Americas, Europe, and Oceania.

Strenght and insight guide you on a spiritual path, Booklet included
