This Deloitte e-learning module provides training in the background, scope and principles under IFRS 16 Leases, and the application of this standard. In this e-learning module you will learn about how to identify whether a contract is within the scope of the standard and the key principles of lease accounting.

Deloitte e-learning — IFRS 16 (basic)

IFRS 9 responds to criticisms that IAS 39 is too complex, inconsistent with the way entities manage their businesses and risks, and defers the recognition of credit losses on loans and receivables until too late in the credit cycle. IFRS 9 generally is effective for years beginning on or after January 1, 2018, with earlier adoption permitted.

IFRS 9, Financial Instruments - PwC

IFRS 10 outlines the requirements for the preparation and presentation of consolidated financial statements, requiring entities to consolidate entities it controls. Control requires exposure or rights to variable returns and the ability to affect those returns through power over an investee. IFRS 10 was issued in May 2011 and applies to annual periods beginning on or after 1 January 2013.

IFRS 17 establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the standard. The objective of IFRS 17 is to ensure that an entity provides relevant information that faithfully represents those contracts. This information gives a basis for users of financial statements to assess the effect that insurance contracts have ...

IFRS 17 — Insurance Contracts

IFRS 17 applies a commonly understood IFRS principle to the accounting for insurance contracts—the recognition of revenue when a service is provided to a customer. Accordingly, IFRS 17 reduces the differences between the requirements for insurance contracts and those for contracts with customers in other industries.
