Foreword by Joi Ito, Director of MIT Media Lab. "Hassan blends a clarity of vision, and a refusal to pretend that simple solutions are adequate to address complex problems, with practical examples of what can be done. This book should be compulsory reading for anyone whose ambition is to change the systems that perpetuate poverty and inequality rather than just to mitigate the symptoms."

The Social Labs Revolution : Solving Complex Challenges

The Social Labs Revolution opens up the space to see, seed, and grow better future possibilities." —Dr. Angela Wilkinson, Counselor for Strategic Foresight, Organisation for Economic Co-operation and Development "Real transformational change requires a radical transformation in the way civil society creates strategy.

The Social Labs Revolution: A New Approach to Solving our ...

The Social Labs Revolution reports and builds on a decade of practical experiments in addressing social challenges that are complex in nature. These range from the sustainability of global food systems and child malnutrition to state collapse and climate change. Zaid Hassan, a co-founder of Reos Partners, makes the case that taking a planning-based approach risks almost certain failure.

The Social Labs Revolution: A New Approach to Solving our ...

The Social Labs Revolution is a refreshing, well-written call to arms for matching knotty problems with less-than neat processes, and for confronting complex issues with complex thinking. Hassan notes that the social lab model is still under development—that the approach itself is emergent and iterative.
