invasions and tourism is needed to assess environmental change in high latitudes. The next section focuses on tourism and change in the northern polar regions and includes seven chapters. Stewart et al. introduce cruise tourism in Arctic Canada and include an interesting assessment on the implications of sea ice variability. Two chapters then address issues revolving around polar bear tourism.

How Is Tourism Affected By Climate Change? - WorldAtlas

The world's polar regions are attracting more interest than ever before. Once regarded as barren, inhospitable places where only explorers go, the north and south polar regions have been transformed into high profile tourism destinations, increasingly visited by cruise ships as well as becoming accessible with direct flights. Tourism is seen as one of the few economic opportunities in these ...
