Why is it so hard to talk about sex and sexuality? In this crisp and compelling book, Amin Ghaziani provides a pithy introduction to the field of sexuality studies through a

distinctively cultural lens. Rather than focusing on sex acts, which make us feel flustered and blind us to a bigger picture, Ghaziani crafts a conversation about sex cultures that zooms in on the diverse contexts that give meaning to our sexual pursuits and practices. Unlike sex, which is a biological expression, the word 'sexuality' highlights how the materiality of the body acquires cultural meaning as it encounters other bodies, institutions, regulations, symbols, societal norms, values, and worldviews. Think of it this way: sex + culture = sexuality. Sex Cultures offers an

introduction to sexuality unlike any other. Its case-study and debate-driven approach, animated by examples from across the globe and across disciplines, upends stubborn assumptions that pit sex against society. The elegance of the arguments makes this book a pleasurable read for beginners and experts alike.

Disability and Masculinity is a collection of essays that focuses on disabled men who negotiate their masculinity as well as their disability. The chapters cover a broad range of topics: institutional structures that define what it means to be a man with a disability; the place of women in situations where masculinity and disability are constructed; men with physical and war-related disabilities; male hysteria, suicide clubs, and mercy killing; male disability in literature and popular culture; and more. All the authors regard masculinity and disability in the historical contexts of the Americas

and Western Europe, with particular attention to the nineteenth and twentieth centuries. Taken together, the essays in this volume offer a nuanced portrait of the complex, and at times competing, interactions between masculinity and disability.

Introducing you to the art, history, and culture of photography, this fascinating all-in-one guide shows you how to take better pictures. A comprehensive guide to all things photographic, *Photography* opens with a gallery of more than 30 of the key figures in photography, from 19th-century pioneers to

famous photographers working today. The gallery provides fascinating contrasts between such diverse genres as art photography, reportage, portrait, and wildlife photography. The book then tells the story of photography, from its "garden shed" beginnings to the rise of the "selfie" today. The second half of the book introduces cameras, accessories, and software, explaining what they can do and how to use them, then shows how to take better photographs by mastering the technical aspects of your camera; experimenting with composition, colour and light; and digitally

Portraits Nudes Flowers is a collection of photographs by Lima-born Mariano Vivanco (born 1975), one of the world's leading editorial and advertising photographers. It includes portraits of some of the world's most fashionable faces, including Cindy Crawford, Rihanna, Lady Gaga, Naomi Campbell, Ricky Martin, Antonio Banderas, Emma Watson and Sam Smith, among many others. Nudes have

been a component of Vivanco's photography since his early studies in Melbourne, Australia, most notably his Candice Swanepoel and David Gandy nudes, both of which are featured here. Flowers have also been a longstanding subject of Vivanco's photographic explorations, and this volume includes a never-before-seen series of Vivanco's flowers. With a fresh and unexpected take on these highly popular subjects, Vivanco unifies his collection of portraits, nudes and flowers in a contemporary fashion.
