Clear, practical IPSAS guidance, explanation, and examples Interpretation and Application of IPSAS provides practical guidance on the implementation and application of the International Public Sector Accounting Standards. This book brings readers up to date on the standards, and describes their proper interpretation and real-world application. Examples and mini-case studies clarify the standards' roles throughout, giving readers a better understanding of complex processes, especially where the IPSAS deviate from IFRS. Readers also gain insight into smoothly navigating the transition for a public sector entity, which is moving to either IPSAS under accrual

basis of accounting or to cash accounting IPSAS, plus an overview of IPSAS adoption status and methods around the world. Global public sector accounting is highly diversified, resulting in ongoing moves to harmonise standards worldwide. The IPSAS are international standards that largely follow the IFRS model, but differ in some key areas and include standards in places where IFRS has none. This book provides complete guidance to IPSAS, with clear explanation and expert insight. Understand the meaning and role of each standard Apply the standards to real-world scenarios Manage the process of transition to IPSAS These standards are meant to be followed by all public sector entities, including national and regional governments and local authorities. They've been adopted by the UN, NATO, the European Commission, and others, and either have been or soon will be adopted in Malaysia, Switzerland, Spain, and more.

A hands-on volume for financial executives with guidance on the fair value measurement process In today's dynamic and volatile markets, whether buying or selling, what corporate officers need to know is the worth of an asset today, a task that for many has become complex and at times confusing. Fair Value Measurements: Practical Guidance and Implementation demystifies this topic, offering you a nuts-and-bolts guide of the most recent developments in preparing financial statements using fair value measurements. This straightforward book covers the best practices on measuring fair value in a business combination and how to subsequently test the value of these assets for impairment. Filters complicated

A professional perspective to implementing IFRS 10, 11, and 12 The new International Financial Reporting Standards (IFRS) 10, 11, and 12 are changing group accounting for many businesses. As business becomes increasingly global, more and more firms will need to transition using the codes and techniques described in Principles of Group Accounting under IFRS. This book is a practical guide and reference to the standards related to consolidated financial statements, joint arrangements, and disclosure of interests. Fully illustrated with a step-by-step case study, Principles of Group Accounting under IFRS is equally valuable as an introductory text and as a reference for addressing specific issues that may arise in the process of consolidating group accounts. The new international standards will bring about significant changes in group reporting, and it is essential for accountants, auditors, and business leaders to understand their implications. Author Andreas Krimpmann is an internationally recognized authority on the transition from GAAP to IFRS, and this new text comes packaged with GAAP/IFRS comparison resources that will help make the changes clear. Other bonus resources include an Excel-based consolidation tool, checklists, and a companion website with the latest information. Learn about: Definitions, requirements, processes, and transition techniques for IFRS 10, 11, and 12 covering group level accounting Practical implementation strategies demonstrated through a clear case study of a midsize

Understanding the main concepts of IFRS Standards  
The fourth edition of Applying IFRS Standards explains the core principles of International Financial Reporting (IFRS) Standards. It also addresses the skills needed to apply the standards in business environments. The book begins with an overview of the International Accounting Standards Board (IASB) and how it establishes accounting standards. The general book topics are then covered in detail and include: income taxes, financial instruments, fair value measurement, property, inventories, employee benefits and more. Discussion questions, exercises and references are provided throughout the book.

The globally-sourced guide to the latest IFRS, with practical application advice Wiley IFRS 2015 is a complete guide to the latest International Financial Reporting Standards set forth by the International Accounting Standards Board. Written by an international team of experts in global accounting standards, this guide provides detailed information on the latest changes to the IFRS, with comprehensive coverage of IFRIC interpretations and the tools needed to maintain IFRS-compliance. Readers will find clear, concise explanations delineated by topic for

# Download Free Wiley Practical Implementation Guide IFRS

easy navigation, designed for both quick reference in-depth study, with practical advice for implementing IFRS in real-life scenarios. The goal of the IASB is to achieve global convergence of accounting standards, reducing preparation costs and facilitating the assessment of business outcomes. The IFRS are a key part of the strategy, simplifying reporting for multinational corporations and the analysts and investors tasked with evaluating results. Wiley IFRS 2015 details the most recent changes to the standards, with expert guidance toward implementation. Readers will:

- Grasp the underlying framework of the International Financial Reporting Standards
- Understand how to interpret the standards and apply them in the real world
- Follow the Disclosure Checklist to verify completeness and IFRS compliance
- Learn from the experts when implementing IFRS for the first time

More and more countries are either adopting IFRS or adapting local standards to align with those set by the IASB. The standards change annually, and failure to stay up to date can affect business strategy and outcomes, especially when working internationally. Wiley IFRS 2015 provides the latest information and expert guidance, helping practitioners match IFRS to real-world practice.
