In the first half of this Guide the preaching of Haggai and Zechariah (chs. 1-8) is placed within its historical setting of Persian rule and within the history of prophetism. The latter part of the book explores how the two parts of the book of Zechariah are related, and investigates problems in Zechariah 9-14, with its special importance for the background of the New Testament, and Malachi.

It will be argued that Zechariah 9-14 consists of four collections of traditional eschatological hope (9:1-17; 10:3b-12; 12:1-4a, 5, 8-9; and 14:1-13, 14b-21). Of the collections, the first three included hopes vital during the first half of the Persian period. The fourth collection (chapter 14) seems to have arisen later than the other three (though still before the time of Nehemiah) and expressed much more pessimism. These variations were then supplemented by a collection (12:6-7; 12:10-13:6) that is pro-Judean vis-à-vis Jerusalem and by the shepherd materials, which contradict the hopes of the first two collections. This final stage probably arose after the time of Nehemiah, i. e. after the city grew strong enough to raise the ire of Judeans outside the power structure. It is plausible to conclude, therefore, that the redactor of Zechariah 9-14 assembled the four collections and revised them by means of the supplements in 12:6-7, 12:10-13:6 and the shepherd materials.

In this commentary on Haggai and Malachi, Mignon Jacobs offers clear and insightful interpretation of the text while highlighting themes that are especially relevant to contemporary concerns, such as honoring or dishonoring God, the responsibilities of leaders, questioning God, and hearing the prophetic word in challenging times. Engaging with the latest scholarship, Jacobs provides a thorough introduction to both prophets in which she addresses questions of authorship, date, purpose, structure, and theology, followed by a new translation of the biblical text and a verse-by-verse commentary. With intertextual discussions about key aspects of the text and attention to competing perspectives, this commentary offers a rich new interpretation of Haggai and Malachi.

It is generally agreed within Hebrew Bible scholarship that Zechariah 9-14 is filled with allusions to other books within the Hebrew canon. Rex Mason's doctoral dissertation in the early 1970s contributed significantly to the foundation of this consensus. However, although Mason's thesis remains a seminal work for those studying Deutero-Zechariah, it has never been published. This volume contains the first publication of that work together with reflections from leading biblical scholars who have published on Zechariah 9-14. The volume is rounded off with a response by Mason to these scholars and a reflection on his own contribution thirty years ago. *Journal for the Study of the Old Testament Supplement series, Volume 370.*

Over the years, Zechariah has suffered from many accusations of obscurity and has frustrated readers seeking to unlock its treasures. This commentary by Mark Boda provides clear insight into Zechariah's meaning with sensitivity to the historical, literary, and theological dimensions of this prophetic book of the Bible. Boda presents a fresh translation of Zechariah based on the original Hebrew and offers detailed commentary to justify his translation and highlight the key themes of each passage. He addresses controversies surrounding the book even as he orients readers to the overall flow of the text and its theological significance. A valuable tool for preaching and teaching, this new commentary supplies deep and thorough reflection on a too-often-neglected book of the Old Testament.
